## COMMUNITY SERVICES DAY - NEW LOOK, NEW LOCATION

Community Services Day, a cooperative venture of the Village of Deerfield, Deerfield Park District, and the Police and Fire Departments of Deerfield and Bannockburn, will be celebrating its 9th anniversary with a new look and new location.

The event will be held on Saturday, September 21, 2013, from 9 a.m. to noon at Jewett Park, complementing the ever-popular Deerfield Farmers Market.

It will kick-off with a Colors Presentation by the Boy Scouts at 9 a.m. and will be followed by a fun-filled day celebrating many of our Community Services. Events will include a "Community TOUCH-A-TRUCK," Pet Vaccines & Micro-chipping at the Jewett Pavilion near Hazel Ave., live music and a SWALCO electronics collection at Deerfield Public Works, 465 Elm Street.

The Deerfield Farmers Market will observe its usual hours of 7 a.m. to 12:30 p.m.

Please mark your calendars and watch for more information forthcoming now through mid-September.

For details about "Community Touch-A-Truck" or the Colors Presentation, contact Mary Anne Glowacz at the Deerfield Police Department at 847.945.8636. For information about Pet Vaccines/Microchipping, contact Linda Anderson at the Deerfield Park District at 847.572.2615. For more information related to the SWALCO Electronics Collection or the Farmers Market, please call the Deerfield Village Manager's Office at 847.719.7400. ↻

## A MESSAGE FROM MAYOR HARRIET ROSENTHAL REGARDING RECENT BOIL WATER ORDER

The safety of our residents and water customers is one of our primary responsibilities and the security and integrity of the Village's potable water supply is paramount to that. Our water system recently violated a drinking water standard. Although this incident was not an emergency, it did result in a boil water order and, as our customers, you have a right to know what happened and what we did to correct this situation.

We routinely monitor for drinking water contaminants. We take 20 routine samples per month to test for the presence of coliform bacteria. Two of the five samples taken on August 8 showed the presence of fecal coliform bacteria and the three repeat samples taken on August 9 showed the presence of total coliform bacteria. The standard is that no more than one sample per month can contain this indicator bacteria.

The test results from August 8 and since indicate that there was little if any problem in the distribution of our water supply to our residents and businesses. Other locations

## MESSAGE FROM THE MAYOR

*Continued from Page 1*

tested the same day were clear. Re-tests have also been clear and the amount of residual chlorine present in all the samples taken August 8 and since has been substantial, which shows that there was continuing treatment of the water in the system. This problem has been resolved and no bacteria have been found in any subsequent testing.

### What does this mean?

A boil water order was issued on August 12, 2013, and lifted on August 14, 2013. The boil water order was implemented as a preventative measure due to fecal coliform bacteria being found in two water samples. Fecal coliform is bacteria whose presence indicates that the water may be contaminated with human or animal wastes. Microbes in these wastes can cause diarrhea, cramps, nausea, headaches, or other symptoms.

Coliform bacteria are generally not harmful themselves. Coliforms are bacteria that are naturally present in the environment and are used as an indicator that other, potentially harmful, bacteria may be present. Coliforms were found in more samples than allowed and this was a warning of potential problems.

Usually, coliforms are a sign that there could be a problem with the system's treatment or distribution system (pipes). Whenever we detect coliform bacteria in any sample, we do follow-up testing to see if other bacteria of greater concern, such as fecal coliform or E. coli, are present.

### Emergency Notification

The Village is also investigating ways to improve emergency notification. Please see the article on Page 3 for more information about signing up for the Connect CTY reverse 9-1-1 system.

### What happened? What was done?

Although the source of the contamination has not been determined, the Village is taking steps to reduce the chance of future contamination. If the source is discovered, that information will be shared with the

public. The Village of Deerfield continues to chlorinate the water system. We have contracted with a backflow prevention specialist to further investigate the potential contamination source and locate vulnerabilities in the water distribution system.

The Village of Deerfield has 44 registered water sampling sites throughout the Village. All registered testing sites are being re-evaluated under the supervision of the IEPA.

The IEPA agrees that the Village was not aware that the routine distribution coliform samples collected on August 8 were positive for fecal coliform until August 12 and the notification was issued within the required time frame.

After evaluating multiple area Illinois Department of Public Health accredited labs, the Village has decided to change to the Central Lake County Joint Action Water Agency, Lake Bluff, as the water sampling lab to test the Village's water supply. Notably, this lab conducts an IDPH accredited Colilert test that can confirm Total Coliform and E. coli in 18 to 24 hours and is preferred to the 48-hour membrane filtration method. The lab has 12 IDPH certified technicians and is a fully staffed on Saturdays and Sundays.

The IEPA Division of Public Water Supplies has reviewed the Village's Standard Operating Procedures for Water System Sampling (SOP) and provided recommendations that are now in effect.

All of the Village's actions will be reviewed by the IEPA and we welcome that review. If any appropriate follow up actions with personnel or procedures are necessary, as a result of the IEPA's review, they will be taken and reported.

Harriet E. Rosenthal,  
Mayor

## 2013 STREET REHABILITATION PROJECT UNDERWAY

The Village of Deerfield is pleased to announce that the 2013 Street Rehabilitation Project is underway. The purpose of this project is to reconstruct and/or rehabilitate the existing Village-owned infrastructure on several streets throughout the Village.

The following locations were selected for the project this year:

- Bayberry Lane from Appletree Lane to Pine Street
- Bent Creek Ridge from Carriage Way to Carriage Way
- Carriage Way from Deerfield Road to Bent Creek Ridge
- Cherry Street from Greenwood Avenue to Somerset Avenue
- Springfield Avenue from Fair Oaks Avenue to Hazel Avenue
- Timberhill Road from Bayberry Lane to Charing Cross Road

Construction will be underway at various locations simultaneously.

When concrete curbs, driveway aprons, and concrete sidewalks are being installed, residents may not have access to their driveways and the road will be closed to through traffic. Residents will be advised to park their vehicles on adjacent streets during construction hours, weekdays 7:30 a.m. to 6 p.m., or in front of their homes after construction hours. All parkway areas disturbed by construction activity will be restored. Construction is expected to near completion by November 15, 2013.

The Village of Deerfield website will have weekly updates regarding construction progress; the website can be viewed at [www.deerfield.il.us](http://www.deerfield.il.us). Residents are able to subscribe to location specific email notifications by visiting [www.DeerfieldProjectManager.com](http://www.DeerfieldProjectManager.com).

For more information, contact the Village of Deerfield Engineering Department at 847.317.2490.

## SIGN UP FOR DEERFIELD'S EMERGENCY NOTIFICATION SYSTEM

Residents and businesses are encouraged to sign up for Connect CTY, the Village's emergency notification system. The system has the ability to notify the Deerfield population in a matter of minutes.

Connect CTY delivers emergency information directly to your phone via voice, TTY, text, and by email. There is a portal on the Village website: [www.deerfield.il.us](http://www.deerfield.il.us) (see below) that will allow you to sign up.

A community-wide test call will be conducted on Thursday, September 26, 2013, at 11:45 a.m. to ensure that residents are better aware of the Connect CTY service. Residents can provide their correct phone numbers and email addresses should they not receive the test message. If you do not have access to the internet, you may complete the below form and mail it to the Deerfield Police Department, 850 Waukegan Road, Deerfield, IL 60015.

Most listed phone numbers are automatically entered into the system; however unlisted numbers and new residents may need to confirm their phone number is in the database. Phone numbers are also added each month from 28 different public sources. Users can input additional phone and cell numbers (text too), email addresses, and a TTY number for the hearing-impaired. The account must be tied to a valid street address in the Village of Deerfield.

During the recent boil order, a Connect CTY message was sent out to more than 10,000 Deerfield phones and emails.

### How does the service work?

Authorized officials compose, record, text, email, and deliver the message. Caller-ID will show: Village of Deerfield 847.945.5000.

\*\*\*Important- The system is voice- activated. When you receive a call, it will not deploy until you speak. Simply say "hello" to hear the emergency message\*\*\*

### What types of messages will be sent?

Any message regarding the safety or welfare of our community may be disseminated.

### Will Connect CTY work on my answering machine and/or if I have a call

### screening system on my phone?

Answering machines need to have a voice recording to prompt the emergency message and some call screening devices will not accept pre-programmed recordings, such as Connect CTY. One way to remedy this is to sign-up your cell phone and email.

### How does the system respond to busy signals or no-answer situations?

For busy signals, the call will be repeated several times in an attempt to reach you. The same is true for No-answer and Call-waiting. If a message recorder answers the phone, the message will be left on the answering device. If after several attempts the call does not successfully go through, the system will stop attempting to call.

### How can I check to see if I am in the system?

So that we can protect your information, the system does not allow you to search subscribers. If you are unsure as to whether you are in the system, sign up on the website and be assured that when an emergency call is placed, you will be contacted only once. Better safe than sorry.

*If you have any questions, contact Mary Anne Glowacz, Communications Director at 847.945.8636 or via email at [mglowacz@deerfield.il.us](mailto:mglowacz@deerfield.il.us).*

Directions: Please indicate which phone numbers and email addresses you want us to use when contacting you through the Connect CTY alert and notification service.

Fill in all available numbers and e-mail addresses on the lines provided. NOTE: Emergency messages will go to ALL available numbers. Check the box next to the phone number if you would like to receive a text message at that number.

## FLOOD INFORMATION: INSTALLMENT 3 OF 3:

### NATURAL & BENEFICIAL FUNCTIONS

Floodplains play a valuable role in providing natural and beneficial functions to the area around, and including, Deerfield. Floodplains that are relatively undisturbed provide a wide range of benefits to both human and natural systems. These benefits provide aesthetic pleasure as well as function to provide active processes such as filtering nutrients.

Parts of both the Middle and West Fork of the North Branch of the Chicago River floodplain are used as a means to filter chemical run-off so that these areas can maintain bio-diversity and ecosystem sustainability.

Both floodplains contain historic and archeological sites that provide opportunity for education and study. They enhance waterfowl, fish and other wildlife habitats and provide feeding/breeding grounds. And lastly, both floodplains provide natural erosion control and open space so further flooding damage does not occur.

### DRAINAGE SYSTEM MAINTENANCE

As simple as it may sound, simply keeping smaller ditches and streams free of debris can dramatically improve the run-off capacity of low-lying areas, as well as greatly reduce incidental blockage that significantly contributes to flooding.

Please note that it is illegal to dump materials into a required waterway and violators may be fined. If you see someone in the act of dumping or see debris in one of our watercourses, please contact the Village Engineering Department at 847.317.2490.

### FLOOD WARNING SYSTEM

Many times, flooding along the West and Middle Forks of the North Branch of the

Chicago River within Deerfield can be predicted days in advance, giving ample warning for preparation and evacuation.

In the event of a flash flood due to a large rain event, you may be the first to notice the oncoming situation so please notify the Village Police Department/Fire District. You may also tune your radio to WGN-720 AM and WBBM-780 AM for local and national weather updates. You will also see regular interruption on local radio and television stations advising you of the situation.

If you should require further or more detailed information regarding flood-related issues in Deerfield, here are some additional sources:

- FEMA.gov website
- Deerfield Engineering Department  
850 Waukegan Rd.  
Deerfield, IL 60015  
847.317.2490
- Floodplain FAQ page on the [www.deerfield.il.us](http://www.deerfield.il.us)
- Deerfield Public Library ↗

## FALL LEAF COLLECTION

The Village's annual leaf collection program provides residents with an alternative for disposal of their autumn leaves. Residents who do not mulch or bag their leaves may simply rake leaves to the curb or carriage walk line the night before their scheduled pickup. Beginning the week of October 28 and continuing through November 22, Public Works Department crews will make one pass by each house in the Village every week during the 4-week program.

Here are some reminders for leaf pickup:

- Do not park on the street the day of your pickup.
- Do not rake grass clippings, sticks, rocks, branches or mud to the curb with your leaves.
- Try to put leaves out each week, if possible.
- Inclement weather may delay pickups, but crews will make at least four trips through your neighborhood.

*For more information call the Public Works Department at 847.317.7245 ↗*

### LEAF COLLECTION ZONES

This map delineates collection routes and days. Questions may be directed to Public Works at 847.317.7245.

## HISTORIC VILLAGE FALL FEST & CAR SHOW

The 38th Annual Deerfield Historical Society Fall Festival will be held Sunday, September 22, from noon to 4 p.m. at the Deerfield Historic Village, 517 Deerfield Rd. Tour the oldest building in Lake County. Enjoy the 7th annual classic car show and live entertainment. Dear Franks will provide food and a vintage Good Humor truck will offer treats. The family-friendly event will feature activities for kids including traditional games, face painting, and visiting a one-room schoolhouse. Admission is free. The Deerfield Area Historical Society, a donor-supported, nonprofit organization, created and maintains the Historic Village, which is open on Sundays, 2-4 p.m. through September.

*For more information, please call 847.948.0680 or email [deerfieldhistory@gmail.com](mailto:deerfieldhistory@gmail.com)*

## ATTENTION CAR COLLECTORS

A special invitation is extended to Deerfield area residents to display their antique or classic car at the Fall Festival on September 22. Cars from the 1970s and earlier are welcome. Please note this is a showcase for vehicles, not a competition.

*For car show information, please call 847.948.0680 or email [scramer724@yahoo.com](mailto:scramer724@yahoo.com)*

## CRAFTERS & ARTISANS INVITED

Crafters, artisans and traditional craft demonstrators are also invited to participate in the Fall Festival.

*Please call 847.948.0680 or email [deerfield-history@gmail.com](mailto:deerfield-history@gmail.com) to participate*

## UPCOMING EVENTS @ PTC

For more information on programs, or to register to be a member, please call the Patty Turner Center at 847.940.4010 or visit [www.deerfieldseniors.org](http://www.deerfieldseniors.org)

### SEPTEMBER

## 10TH ANNUAL HEALTHY LIFESTYLE EXPO NOV. 2

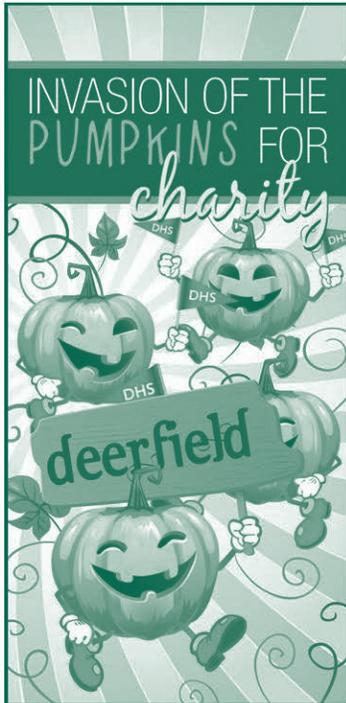

The DBR Chamber of Commerce in partnership with the Patty Turner Center will host the 10th Annual Healthy Lifestyle Expo on Saturday, November 2, 2013, from 10:00 a.m. – 1:00 p.m. at the Sachs Recreation Center in Deerfield.

This expo will feature fun for the whole family and there is no charge to attend.

This year's expo, sponsored by West Deerfield Township and Walgreens, will include fitness demonstrations, healthy cooking demonstrations, free sampling of healthy snacks, and kids activities including the Chicago Sky Guy Basketball Shoot. Walgreens will provide free flu shots and a pneumonia vaccine will be available to those over 65 years of age with Medicare part B.

More than 30 exhibitors with products and services targeted at all ages will be in attendance. Admission to the expo is free.

*For more information about attending or exhibiting, call the DBR Chamber of Commerce at 847.945.4660 or visit [www.dbrchamber.com](http://www.dbrchamber.com)*

## INVASION OF THE PUMPKINS FOR CHARITY EVERY SATURDAY IN OCTOBER

The Village of Deerfield has partnered with the DBR Chamber of Commerce, CRM Properties and downtown merchants to hold “The Invasion of the Pumpkins” for charity.

Throughout October, a number of large fiberglass pumpkins painted by local residents and Deerfield High School students will be placed around downtown Deerfield. The Invasion of the Pumpkins will usher in a month of activities, special events, live entertainment, outdoor movies and retail promotions every Saturday in October.

Fabricated by the makers of Chicago’s Cows on Parade, each pumpkin will feature a local charity and have a coin slot for donations. Look for a mailer with more details.

*For more information, call the Village Manager’s Office at 847.719.7400. ☞*

## INVASION OF THE PUMPKINS SCHEDULE OF EVENTS

*Activities will take place throughout downtown*

Family Movie Night- The Birds	7:00 p.m.

## OVERNIGHT PARKING

Deerfield Municipal code prohibits parking any vehicle on any street for a period of time longer than thirty (30) minutes between the hours of 2:00 a.m. and 6:00 a.m. of any day, except physicians on emergency calls and those persons who shall have prior permission from the Deerfield Police Department.

Any person desiring permission to park within the prescribed hours must contact the Police Department to receive permission, except that no such permission will be granted for parking within twelve (12) hours of a snowfall of three inches (3”) or more as set forth in Section 22-71. Permission is limited to the overnight parking of twelve (12) vehicles, in the aggregate, to the members of a single household during any twelve (12) month period.

*For more information contact the Deerfield Police Department at 847.945.8636 ☞*

## DRUG TAKE-BACK AND DISPOSAL PROGRAM

The Deerfield Police Department will again be participating in the Drug Enforcement Agencies (DEA) National Prescription Drug Take-Back Day on Saturday, October 26, from 10:00 a.m. to 2:00 p.m. at the Police Department, 850 Waukegan Road. This is a great opportunity for residents to drop off unused or expired prescription medication for proper disposal.

Unused or expired prescription medications are a public safety issue, and can lead to accidental poisoning, overdose, abuse and environmental harm. Most abused prescription drugs come from the supplies of family and friends.

The Deerfield Police Department’s participation with both the Take-Back program as well as the Save-a-Star program demonstrate our commitment to our mission to provide professional and ethical service to our citizens while proactively identifying risks to Deerfield’s quality of life.

### KNOW THE LAW FOR OPEN BURNING

In the Village of Deerfield, the open burning of leaves, brush, trimmings from trees or bushes, paper, garbage, refuse, waste or other combustible material on any property, public or private, is unlawful. However, this prohibition on open burning does not apply to outdoor grills or fires in outdoor fireplaces that meet the following requirements:

- A portable fireplace or fire pit shall not be operated within five feet of any property line. Any fire pit or fireplace with a foundation or that is embedded in the ground shall be located not less than ten feet from any property line.
- Outdoor fireplaces and fire pits shall be located on a noncombustible surface while in operation.
- Only charcoal, natural or propane gas, commercial fire logs or dry and seasoned firewood may be burned or used as fuel in an outdoor fireplace or fire pit.
- No outdoor fireplace or fire pit may be operated without adult supervision and a readily available means for extinguishing burning materials. The fire shall be completely extinguished prior to leaving the fireplace or fire pit unsupervised.

### DOGS ARE REQUIRED TO BE LEASHED

All dogs in the Village are required to be leashed. No owner or any person entitled to the custody of any dog shall permit the dog to be at large or to confine the dog in a manner so that it can escape and be at large, unless the dog is securely confined upon a leash of sufficient strength not more than three feet (3') and accompanied by any able bodied person capable of controlling the actions of the dog under any circumstance.

Any person, firm or corporation in violation of the leash ordinance shall be fined not less than \$10.00 for the first such offense; and shall not be fined less than \$25.00 for the second such offense; and shall be fined not less than \$50.00 for the third offense and all subsequent offenses within a one year period.

Remember to pick up after your pets and properly dispose of animal waste. Be courteous to your neighbors and only dispose of animal waste in your own garbage receptacle.

For more information, please view the Deerfield Municipal Code at [www.deerfield.il.us](http://www.deerfield.il.us)
