D-TALES

Your Municipal News Source

HAPPY NEW YEAR!

THE VILLAGE OF DEERFIELD WISHES YOU A PROSPEROUS 2009

TAX LEVY APPROVED BY BOARD OF TRUSTEES

Each local government serving the residents of Deerfield collects property taxes from residential and commercial property owners. At their December 15th meeting, the Mayor and Board of Trustees approved the 2008 Real Estate Tax Levy Ordinance that determines the property taxes that the Village will receive in the next year. The amount to be collected by the Village will remain the same as last year, resulting in a Village tax rate decrease.

As a portion of individual property tax bills, the Village receives approximately 3% of the total. This figure represents approximately 10% of the total revenue collected by the Village annually. Other revenue sources include sales tax, user charges and permit fees. Village staff has begun the process of preparing the 2009-2010 annual budget. This intensive process examines major capital improvement projects, along with everyday

Continued on Page 2

WASTEWATER RECLAMATION FACILITY DESIGN REPORT

At their regular meeting on Monday, December 1, the Village Board of Trustees approved the Wastewater Reclamation Facility (WRF) design report prepared by the Village's professional engineering advisors, Strand Associates, Inc.

The proposed design will streamline the treatment process, making the facility more energy-efficient and cost-effective. The design will allow for future modifications that will be needed as new state and federal

Continued on Page 3

WELCOME NEW TRUSTEE WASSERMAN

The Village would like to welcome Norton Wasserman to the Board of Trustees. Trustee Wasserman was appointed to fill an unexpired term (2008-2009) and began his time in office at the December 1st meeting. Prior to nomination, Nort had been a member of the Plan Commission since 2003. He has lived on the North Shore for 45 years, the last 20 of those in Deerfield.

VILLAGE THANKS FELDMAN

Leaving the Village Board after nearly 4 years of service is Trustee Michelle Feldman. Trustee Feldman was elected to a four year term in 2005. She resigned as a trustee (effective November 24, 2008) as she began service on the Lake County Board December 1st. Trustee Feldman was recognized for her service at the Board of Trustees meeting on November 3rd.

CHECK IT OUT!

Page 7:

- Boards and Commissions Thank You

THANK YOU!

The Police Department would like to thank the community for its generosity and support throughout 2008. Thanks to your help, the Department raised over \$11,000 for the Illinois Special Olympics, provided a truckload of toys to Toys for Tots and made a significant contribution to the American Cancer Society/ Relay for Life. ~

TAX LEVY

Continued from Page 1
operations and forecasts revenues and expenditures for the upcoming year. The Mayor and Board of Trustees have maintained a conservative approach so as to minimize the burden on the taxpayers in Deerfield. While the Village cannot affect most of a property tax bill, through the commitment of the Mayor and Board of Trustees, it has reduced its own dependence on property tax as a source of revenue.

In addition, the Village has been honored with its 18th consecutive Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA). This award highlights the commitment of the Mayor and Board of Trustees to present and approve a budget that promotes openness, encourages resident participation, and

meets the highest standards of local government budgeting.

Additional budget information will be available in upcoming issues of D-Tales. Questions regarding the Village's budgeting process may be directed to the Finance Department at 847/945-5000, or via email at deermail@deerfield-il.org ~

CONSOLIDATED ELECTION

Official filing information packets issued by the Lake County Clerk's Office for the elective offices of Mayor, Village Trustee, and Deerfield Library Trustee are now available at the Deerfield Village Hall for the Consolidated Election to be held on April 7, 2009.

Along with the office of Mayor, there are three Village Trustees' positions that will be open for

election and two for Library Trustee.

Nomination papers must be filed at the Village Hall between 8:00 a.m. Monday, January 19, 2009, and 4:30 p.m. Monday, January 26, 2009. Papers that are turned in prior to the 19th will be returned as not filed. For more information, visit www.elections.il.gov. ~

EMERGENCY OPERATIONS CENTER & TAKEDA TRAINING

The Village's Emergency Operations Center (EOC) located at the Village hall, serves as the primary crisis management center for Deerfield. In 2008, the Village received a \$13,000 EOC grant for monitors, computers, and a weather station.

Preparation for major emergencies and disasters requires contingency planning by all departments and agencies of a local government. The Village's Emergency Operations Plan emphasizes coordination with all Village departments, the Deerfield-

Bannockburn Fire Protection District, the Deerfield Park District, and may require assistance from county, state and federal governments.

Agencies tasked with response and recovery missions under this plan make up Deerfield's emergency management team (with the help of Lake and Cook County Emergency Management Agencies). The emergency management team, functioning from the EOC, is responsible for making the strategic decisions necessary to support the Incident Management System and to ensure the overall safety of the community.

On December 1st, the Police Department, Fire Department, and Village staff participated in a tabletop emergency training exercise held at Takeda Pharmaceuticals. The purpose of the crisis training was to teach area first responders and Takeda's Crisis Management Team to better work together. This exercise was the last workshop in a series for the Lake-Cook Regional Critical Incident Partnership (LCRCIP) directed by a team from Michigan State University. ~

REMINDERS:

CHRISTMAS TREE COLLECTION:

Veolia will collect Christmas trees and other organic holiday decorations placed at the curb on January 5 and 12 (for those with Monday collections) and January 6 and 13 (for those with Tuesday collections). ~

VILLAGE HALL CLOSED:

Village Hall will be closed on Thursday, January 1 in observance of New Year's Day and Monday, February 16 in observance of President's Day. ~

SWALCO COLLECTIONS:

Need to dispose of old electronics after the holidays? SWALCO is hosting the following household electronic collections:

- 1180 Half Day Road, Highland Park
Tuesdays and Fridays from 7:00 a.m. to 1:00 p.m. (Year-Round)

For a list of items that are accepted for collection, please visit the SWALCO website at www.lakecountyil.gov/swalco/default.htm ~

SNOW PLOWING OPERATIONS

Snow removal and roadway ice control operations have been underway since early December. The Village's Public Works Department is prepared to deal with these situations and is able to effectively clear Deerfield's 70 miles of roadway quickly to make safe passage possible for all who use our streets.

To assist your neighbors and Village staff this winter, please remember the following:

- One way to assure that street plows do not fill a cleared driveway entrance with snow is to follow this simple guideline: Shovel the snow to the side, in the direction of traffic, and clear a pocket of snow on the opposite side of your driveway (see the illustration above). The accumulated snow in the plow will dump into the pocket and not on your driveway. This simple procedure will reduce the possibility of residual snow being plowed from the street into your driveway.

The illustration above highlights the best ways to shovel snow to keep your driveway as clear as possible during plowing operations.

- By Village ordinance, vehicles cannot be parked on the street for 24 hours after 3 inches of snow have fallen. Keeping vehicles off the street assists plows and salt trucks in clearing the streets more effectively.
- By Village ordinance, you may not deposit snow from your property onto the street or sidewalk. This can hinder safe passage of vehicles and pedestrians, and makes it harder for Village plow crews to keep streets clear.
- Adopt a fire hydrant! Remember, when you shovel your sidewalk and driveway, do not forget to clear snow from fire hydrants in front of your property to ensure that they are accessible if needed.

WRF CONTINUED

Continued from Page 1

environmental standards are adopted.

In addition to meeting technical operating requirements, the proposed design should prove to be a better neighbor with upgrades that will decrease both odor and noise.

Next, Strand and Associates along with Village staff, will prepare detailed engineering and construction plans to install the improvements. After the plans are complete, they will be submitted to the IEPA for approval. This entire process is anticipated to take several months.

In late spring, the proposed site plan will be presented to the Plan Commission for its consideration and public hearing. The Village will be seeking to amend the Special Use for the WRF so that it is consistent with the proposed design. After the Plan Commission provides a recommendation, the Village Board will consider the matter.

Following the zoning review, construction plan preparation and IEPA consideration, bids will be solicited in late 2009 for the 18-month construction project starting in 2010.

For more information, please visit www.deerfield-il.org, or contact the Public Works Department at 847/317.7245.

PREVENT DAMAGE TO MAILBOXES

During the winter months, mailboxes are sometimes damaged when snow storms affect Deerfield. If your mailbox has been damaged this winter, or if you are planning to install a new one, please be aware of how to properly install a mailbox that meets Village standards.

The majority of mailbox knockdowns result because the post supporting the mailbox has deteriorated or because the mailbox was installed too close to the roadway.

A mailbox may extend no less than 12 inches away from the back of the curb or the roadway edge. The mailbox post must be

mounted at least 18 inches away from the back of the curb or roadway edge. The post should be strong, but should be able to break away if struck by a vehicle that leaves the pavement.

If you decide to install a new mailbox, contact JULIE by dialing 811 before you dig. This will allow you to see any buried utilities so that you will know where they are located.

If you have questions regarding your mailbox, please contact the Public Works Department at 847/317-7245.

SIDEWALK SNOW REMOVAL

Residents are asked to please be mindful of pedestrians and school children by clearing their sidewalk of snow and ice. Trash bins should be placed on the driveway apron to keep the sidewalk as unobstructed as possible.

BOARDREPORT

The following is a synopsis of actions taken by the Village Board since the last publication of D-Tales. For complete sets of minutes for Village Board meetings, please visit the Village's website at www.deerfield-il.org.

VILLAGE BOARD ACTION

- Awarded contract for street pavement analysis and street sign and tree inventory
- Awarded the contract for the Wilmot Road and Hazel Avenue bridge rehabilitation engineering services contract to URS Corporation
- Awarded the contract for consulting services for the Deerfield Road Safety Sidewalk project to Burns & McDonnell and authorized Mayor Harris to sign the Local Agency Agreement for federal participation
- Authorized a three-year maintenance agreement with Radicom Communications
- Authorized the release of specified Executive Session minutes as recommended pursuant to the Illinois Open Meetings Act
- Approved the WRF Design Report and authorized Strand and Associates to prepare IEPA application and construction specifications
- Adopted an Ordinance increasing the number of Class C liquor licenses from 3 to 4 for Thai Thai Restaurant
- Adopted an Ordinance approving a ground lease agreement with US Cellular for co-location on the monopole at Deerfield Village Hall
- Adopted an Ordinance approving a ground lease agreement with T-Mobile for co-location on the monopole at Deerfield Village Hall
- Adopted an Ordinance approving a Special Use for Starland Dance in building #9 at 710 Robert York Avenue in Deerfield Square
- Adopted the resolution approving an emergency operations Plan for the Village of Deerfield
- Accepted the report and recommendation regarding the Deerfield Road Safety Sidewalk Design

AWARDS AND PROCLAMATIONS

- Awarded \$2,500 to Deerfield High School in support of Substance Abuse Prevention Programs
- Proclaimed October 22, 2008 as "United Way Kick-Off Day" in Deerfield
- Proclaimed the week of October 25 – 26, 2008 as "Boy Scout Troop #50 Haunted House Days" in Deerfield
- Proclaimed November 2008 as "National Fair Housing Month" in Deerfield
- Proclaimed the week of November 30-December 6, 2008, as the "League of Women Voters of the Deerfield Area Week" in Deerfield
- Recognized Boy Scout Troop 150 on their 50th Anniversary
- Recognized Carol Spielman for her 16 years of service to Deerfield on the Lake County Board

WEST DEERFIELD TOWNSHIP

Township Board meetings will be held January 19 and February 17 at the Township Offices, 601 Deerfield Road.

For more information on township services, visit www.westdeerfieldtownship.org.

MEASURE YOUR CARBON FOOTPRINT

A carbon footprint is a measure of the

impact human activities have on the environment in terms of the amount of green house gases produced, measured in units of carbon dioxide.

During the winter season heating costs can take a toll on your pocketbook, as well as on the environment.

Following these simple steps can save you money and help lessen your carbon footprint.

- Turn off unused lights and electronics.
- Use compact fluorescent light bulbs.
- Use a programmable thermostat to lower temperatures when no one is at home.
- Take a shorter shower, use a low-flow showerhead, and turn down your water heater by 1-3 degrees.
- Increase wall, window, and roof insulation as much as possible.

Decreasing your carbon footprint will help contribute to a healthier environment. Deerfield is a proud member of Clean Air Counts, a coalition of governments and private businesses in the Chicagoland area committed to promoting the environment. These simple steps can help you to do your part to make a visible difference in Deerfield! 

SENIOR PROGRAMS @ PTSC

For more information on any of the programs listed below, including times and locations, or to register to be a member, please contact the Patty Turner Senior Center at 847/940-4010.

- January 5**, Great Decisions
- January 6**, Blood Pressure/ Blood Glucose Screenings
- January 8**, Rules of the Road
- January 9**, Silk Scarf Workshop
- January 12**, Fly Casting Class
- January 14**, "Grease"
- January 20**, Single Mingle
- January 26**, "Brain Training"
- January 28**, American Soldier Exhibit
- February 1**, Super Bowl Party- sponsored by Whitehall of Deerfield
- February 2**, Great Decisions
- February 3**, Blood Pressure/ Blood Glucose Screenings
- February 9**, Lunch with Oscar/ Reid Schulz
- February 16**, The Aztec World Exhibit
- February 16**, Great Decisions
- February 24**, Single Mingle
- February 27**, Arm Chair Travel

LENDING CLOSET

The Patty Turner Senior Center lends on a short term basis, wheelchairs, walkers, canes, bath benches, commodes, grabber sticks, etc.

SENIOR CAR PROGRAM

The Patty Turner Senior Center offers a drop off/pick-up service for older adults in Deerfield, Lincolnshire, Bannockburn and Riverwoods. The service is available on a reservation only, first come/ first served basis. 

CITIZENS POLICE ACADEMY

The Deerfield Police Department is again sponsoring a Citizens Police Academy. Classes meet on Wednesday evenings, from 7:00 to 9:00 p.m. beginning January 14, 2009 through March 18, 2009. Classes are limited to 12 participants who must be at least 18 years old, a Deerfield resident and have no felony convictions. Most classes will be held at the Deerfield Police Department, 850 Waukegan Road, but some classes may also be held at an alternate location, depending on the subject matter. Topics covered in the classes include fundamentals of investigations, narcotics, canine units, and a citizen ride-along.

To apply to participate in the Citizens Police Academy, download an application from the Police Department's website at www.deerfield-il.org and return the completed application to the Police Department. You may also pick up an application at the Police Department. Questions may be directed to Commander Mel Soltwisch at 847/945-8636 from 7:00 a.m. - 3:00 p.m.

The Deerfield Police Department is committed to the philosophy of Community Policing. The Citizen Police Academy provides a forum to improve lines of communication between the police and the community. Graduates become partners with the Police Department in identifying problems and solutions to quality of life issues that face the Deerfield community and take their knowledge back to their

neighborhoods, where they can share what they have learned. 

CO POISONING PREVENTION TIPS

Carbon monoxide (CO) is an odorless, colorless gas that, with too much exposure, can cause sudden illness and death. In order to protect individuals and families from harm caused by this gas, the State of Illinois mandated CO detectors in homes, effective January 1, 2007. These tips are also helpful in keeping your family safe:

- Never use a gas range or oven to heat a home.
- Never use a charcoal grill, hibachi, lantern, or portable camping stove inside a home, tent, or camper.
- Never run a generator, pressure washer, or any gasoline-powered engine inside a basement, garage, or other enclosed structure, even if the doors or windows are open.
- Keep vents and flues free of debris, especially if winds are high. Flying debris can block ventilation ducts.
- Never run a motor vehicle, generator, pressure washer, or any gasoline-powered engine outside an open window, door, or vent where exhaust can enter an enclosed area.
- Never leave the motor running in a vehicle parked in an enclosed or partially enclosed space, such as a garage.
- If CO poisoning is suspected, consult a health care professional immediately. 

RESIDENTS HONORED

At this year's Thanksgiving Ecumenical Service, Guy and Carole Keefer were honored with the 2008 Human Relations Award, presented by the Community Relations Commission for their contributions to their community. We extend our sincere congratulations to these residents, who have dedicated so much of their time to be of service to others. ~

KEEPING PETS SAFE IN WINTER WEATHER

The following information has been provided by the Lake County Health Department/ Community Health Center.

Not only can winter weather be a time of illness and injury if people fail to take appropriate health and safety precautions, but harsh conditions can be tough on pets as well.

Following are some tips on how to help keep your pet safe and healthy this winter:

- Do not leave dogs outdoors when it becomes uncomfortably cold. Most dogs and cats are safer indoors except when taken out for exercise. Regardless of the season, short-haired, very young or old dogs and all cats should never be left outside without supervision. Short-coated dogs may feel more comfortable wearing a sweater during walks. If your pet is shivering, it's time to bring it inside.
- No matter what the temperature, wind chill can threaten a pet's life. If your dog is an outdoor dog, he or she should be protected by a dry, draft-free doghouse that is large enough to allow the dog to sit and lie down

comfortably, but small enough to hold in his or her body heat. The floor should be raised a few inches off the ground and covered with cedar shavings or straw. The house should face away from the wind, and the doorway should be covered with waterproof covering or heavy plastic.

- Pets that spend a lot of time outside during the winter need more food because keeping warm depletes energy. Make sure to routinely check your pet's water dish to keep water fresh and unfrozen. Use plastic food and water bowls because when the temperature is low, the pet's tongue can stick and freeze to metal.
- Salt and other chemicals used to melt snow and ice can irritate the pads of your pet's feet. Wipe their feet with a damp towel before your pet licks them and irritates his or her mouth.
- Antifreeze is a deadly poison that has a sweet taste, which may attract animals. Wipe up spills and store antifreeze out of reach. If possible, use antifreeze coolant made with propylene glycol. If this is swallowed in small amounts, it will not hurt pets.

- Do not allow your dog to run freely on open ice. It can be difficult to judge the safety of the ice, and your dog could be at risk of falling through.

During the winter, it is best to keep your pets inside with the family. The happiest dogs are those that are taken out frequently for walks and exercise, but are kept inside the rest of the time. Dogs and cats crave human companionship and should be indoors with you and your family.

For more information on pet safety, please call the Health Department's Animal Care and Control facility at 847/949-9925. ~

DIGITAL TRANSITION

Remember that at midnight on Tuesday, February 17, 2009, all full-power television stations in the United States will stop broadcasting in the traditional analog method, completing the transition to all-digital broadcasting.

If you are using an analog television set that is not connected to a pay TV service (i.e. your TV requires connection to an antenna), you will no longer receive broadcasting after the digital changeover.

For more information on the options that are available to you, contact the National Telecommunications and Information Administration by visiting their website at www.dtv2009.gov, or by calling 1-888-DTV-2009. ~

AFFORDABLE RENTS THROUGH HOMESHARING

The following information has been provided by the Interfaith Housing Center.

Homesharing is a free service that provides "win-win" matches between individuals seeking affordable housing and homeowners with an extra room to rent.

For 20 years Interfaith Housing Center has been helping homeowners to supplement their incomes or remain independent in their homes by matching them with individuals who can offer rent and/or possible assistance with light household tasks. Homesharing "seekers" are often individuals who want to live near their workplace, adults in the midst of a career change, individuals recently widowed or divorced, retirees unable to afford rent alone, or students. Homesharing "providers" are homeowners or apartment dwellers with an extra bedroom- often retired or recently widowed persons in need of extra income, often independent seniors in need of simple housekeeping help, extra security, or companionship.

Due to the strained economy, many homeowners have applied to participate in Homesharing and are in need of a renter. To apply, contact Jackie Grossmann at 847/501-5732 or jackie@interfaithhousingcenter.org. ~

THANK YOU!

Our sincere thanks to these residents who volunteered their time on the Village's various Boards, Commissions and Committees in 2008.
