CONSOLIDATED ELECTION, APRIL 7, 2009

VOTE EARLY!

The April 7th Election day falls during the week that many local schools are closed for Spring Break. Please plan to vote early if you are going to be out of town on April 7.

YOUR EARLY VOTING SITE

Deerfield residents of *West Deerfield Township* vote at the West Deerfield Township building at 601 Deerfield Road in Deerfield.

Deerfield residents of *Moraine Township* vote at the North Shore Health Center at 1840 Green Bay Road in Highland Park.

There are three options for those who will be unable to vote on election day:

- **Early Voting (in-person)**

Any registered voter is eligible to vote during Early Voting. March 16 - April 2. Monday - Friday 9:00 a.m. - 4:30 p.m. & Saturday 9:00 a.m. - 2:00 p.m.

- **Absentee Voting (in-person)**

Only those residents who expect to be absent from their precinct on voting day are eligible to vote during in-person absentee voting. April 3 - April 6. Monday - Friday 9:00 a.m. - 4:30 p.m. & Saturday 9:00 a.m. - 12:00 p.m.

- **Absentee Voting (by mail)**

Voters who temporarily live outside

TAKEDA EXPANDS

Takeda Pharmaceuticals North America, Inc. is proceeding with Phase II of its development of a third office building on the 70-acre Takeda Park campus, which serves as Takeda's North American headquarters. Takeda Park is located on the northeast corner of Lake Cook Road and Saunders Road, just west of the Tollway. Presently, Takeda Park has two office buildings totaling 450,000 square feet and 1,100 employees. This sparkling environmentally friendly campus has been constructed with high quality materials and high aesthetic standards.

The proposed new Phase II office building will accommodate about 900 employees. The proposed office building is approximately 260,000 square feet and will be 6

ELECTION CONTINUED

Continued from Page 1

their precinct may request an absentee ballot by mail by calling the Lake County Absentee Department at 847/377.2406 by March 31.

ELECTION DAY POLLING PLACE

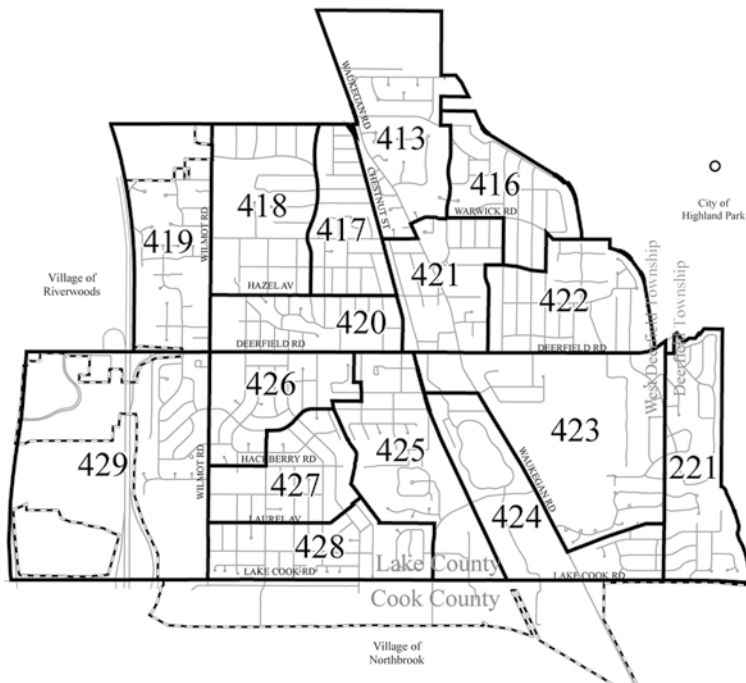

Your Election Day polling place is the same as the November 4, 2008, General Election (see map below). You may also check your polling place online at www.co.lake.il.us/cn-tyclk or by calling the Lake County Clerk's office at 847/377.2313.

VOTER REGISTRATION

If you are not a registered voter or have moved since the last election, please take the opportunity to register to vote now. The last day to register at the West Deerfield Township office is March 10. The Lake County Clerk's office in Waukegan will be offering grace period registration until March 24. You may register to vote if you are a United States citizen, 18 years of age by the time of the election and a resident of your precinct address for at least 30 days immediately prior to an election. You will need to bring two forms of identification, one of which must provide your permanent address. ↻

Village of Deerfield
Voting Precinct Map

POLITICAL SIGNS

Each election season the Village is asked about sign posting regulations. Signs are not allowed anywhere in the public right-of-way. These areas are along streets and in parks as follows:

- Standard Sidewalks (sidewalk with parkway between walk and curb): Signs must be at least 5 feet towards the house from the sidewalk.
- Carriage Walks (sidewalk next to street): Signs must be placed at least 10 feet towards the house from the sidewalk.
- No Sidewalk: Signs must be placed at least 15 feet in from the street edge or back of curb.

Signs found to be within the public right-of-way, or those attached to light poles, street signs or other appurtenances in the right-of-way, will be removed.

For more information, please contact the Community Development Department at 847/719-7484. ↻

2009-10 BUDGET HEARING

On April 6, 2009, the Village Board will be conducting the Public Hearing on the 2009-10 Village Budget as part of its regular meeting. The preliminary budget may be reviewed at www.deerfield.il.us, or at Village Hall. Questions on the proposed budget should be directed to Finance Director Robert Fialkowski at 847/945.5000. ↻

OUTSTANDING YOUTH AWARD

The Deerfield Community Relations Commission would like your help in nominating deserving young men and women for the Outstanding Youth Award. This award was first presented in 1969 as a memorial to Jeffrey Werner, a Deerfield teenager who, despite a terminal illness, distinguished himself in service to his community. Nomination forms are available at Village Hall. The deadline for accepting applications is April 6, 2009. For more information please call 847/719.7400. ↻

Continued from Page 1

stories in height. The proposed new office building's roof line will line up with the roof lines of the existing office buildings to the east. A new parking structure with one ground level and two levels above will be located to the north of the new office building.

Takeda's Phase I achieved LEED (Leadership in Energy and Environmental Design) gold level certification. At the time of the designation, Takeda's Deerfield Home Office was one of only five gold LEED certified buildings in Illinois, and one of only 205 in the United States. Takeda is seeking LEED certification for Phase II.

Phase II will also include many of the green and sustainable initiatives that were present in Phase I. The offices on the Takeda Park campus have been designed with attention to the sun's path to give employees the maximum amount of exposure to natural daylight. The campus includes native prairie landscaping; open space with water efficient landscaping; covered parking to mitigate heat islands; preferred parking spaces for carpool, hybrid and low emissions vehicles; environmentally sensitive site lighting; and permeable pavement and bioswales as part of the stormwater management program.

The Phase I office buildings included HVAC, lighting and building systems that meet energy efficiency standards; and the use of low VOC (volatile organic compounds) emitting materials such as adhesives, sealants, paints and carpet. Takeda also encourages its employees to use alternative transportation such as mass transit, bicycles and carpooling.

The Phase II project was unanimously endorsed by the Plan Commission on February 12, 2009, and is scheduled for Village Board consideration in March. Should Village approval be granted, Takeda is planning to move forward with Phase II as quickly as possible. They hope to have full occupancy of the new office building by July 2010. ~

WILMOT ROAD INFRASTRUCTURE IMPROVEMENTS

The Village of Deerfield is preparing to rehabilitate Wilmot Road from Gordon Terrace to Deerfield Road. The work is scheduled to begin on June 1, 2009, and be completed by November 15, 2009.

The work includes traffic signal replacement (for the pedestrian signal near Wilmot and Hackberry), water main replacement, and roadway rehabilitation. Wilmot Road will be closed to non-local southbound traffic for approximately three months to facilitate the work.

A detour route will be in place as the work commences. The map for the detour can be viewed on the Village of Deerfield website, www.deerfield.il.us, by clicking on the "Construction Updates" link. ~

2009 BRIDGE REPAIRS – HAZEL AVENUE BRIDGE AND WILMOT ROAD BRIDGE

As authorized by the Illinois Department of Transportation, the West Fork Creek bridges at Hazel Avenue and Wilmot Road will be reconstructed during the summer of 2009.

Each bridge will be constructed at different times and will be closed completely for the duration of the project. The Hazel Avenue Bridge construction is scheduled to begin the week of June 29, 2009, and be completed by July 31, 2009. The Wilmot Road Bridge construction is scheduled to begin the first week of August 2009 and be completed by September 4, 2009.

Traffic detours will be in place to facilitate better traffic flow. A copy of the detour map can be found on the Village of Deerfield website, www.deerfield.il.us, by clicking on the "Construction Updates" link. ~

FIRE HYDRANT FLUSHING

Beginning the week of April 13 and finishing on or about April 24, Deerfield Public Works will flush all fire hydrants in the Village of Deerfield to make sure they are in good working order in case of emergencies and to help flush sediment out of the distribution system.

Signs will be posted in each area before flushing begins. Flushing will be done between 7:30 a.m. and 5:00 p.m. on Tuesdays through Fridays.

Do NOT do laundry on the day hydrants are flushed in your area. Flushing stirs up rust that can enter washing machines. Also, if there is any discoloration in your faucet water, let it run for a few minutes, preferably from the tub spout, and it will clear up. The water is safe to drink at all times.

If you have any questions, please call the Village of Deerfield Water Department at 847/317.7245 (M-F 7:00a.m. - 3:30 p.m.) or email dflpw@deerfield.il.us. ~

HOUSEHOLD WIPES BLOCK SEWERS

While many household cleaning wipes are labeled as disposable, these products do not break down after being flushed.

They can block private sewer lines, and also create problems for the entire community. Our crews report that these products block pipes and damage pump stations.

Please dispose of these items with the trash and never flush:

- Disinfecting wipes
- Baby wipes
- Q-tips
- Mop or "Swiffer" type refills
- Paper towels

Thank you! ~

BOARDREPORT

The following is a synopsis of actions taken by the Village Board since the last issue of D-Tales. For complete sets of minutes for Village Board meetings, please visit the Village's website at www.deerfield.il.us.

VILLAGE BOARD ACTION

- Adopted an Ordinance reducing the number of Class C liquor licenses from 4 to 3 (Woodfire Chicken)
- Adopted a resolution adopting an identity theft policy and program
- Adopted an Ordinance levying taxes for corporate purposes for the current fiscal year commencing on the first day of May 2008 and ending on the thirtieth day of April 2009 for the Village of Deerfield, Lake and Cook Counties, Illinois.
- Adopted an Ordinance abating the entire 2008 tax levy requirements for the series 1998 General Obligation Bonds
- Adopted an Ordinance abating the entire 2008 tax levy requirements for the series 2003 General Obligation Refunding Bonds
- Adopted an Ordinance abating all of the 2008 tax levy requirements for the series 2008 General Obligation Refunding Bonds
- Approved the state award of contract to Herlihy Mid-Continent Company for construction of the Wilmot Road and Hazel Avenue bridges
- Authorized the engagement of Sikich LLP to provide professional auditing services for fiscal years 2009 through 2011
- Authorized continued participation in the Northern Illinois Municipal Electric Cooperative and execution of an electricity purchase contract
- Authorized the Village Manager to authorize further expenditures of up to \$200,000 for road salt
- Authorized an agreement with the U.S. Immigration and Customs Enforcement for the Police Department to participate in a multi-agency task force
- Authorized an agreement with School District 113 that establishes a protocol for sharing information pursuant to a reciprocal reporting agreement
- Authorized the Mayor to sign the Local Agency Agreement and award the engineering services contract for the Wilmot Road South Rehabilitation Project
- Awarded the engineering design contract for the Wilmot Road pump improvements to Earth Tech AECOM
- Awarded the contract for the Wastewater Reclamation Facility excess flow improvements to Illinois Pump
- Awarded a multi year contract for sewer lining to Insituform for annual sewer lining services

AWARDS AND PROCLAMATIONS

- Presented Appreciation Awards to Dunkin Donuts and Il Forno Pizza for their support of the Police Department in their efforts to raise money for the Special Olympics
- Recognized David Marks for his service of 27 years on the Village Plan Commission

WEST DEERFIELD TOWNSHIP

Township Board meetings will be held
March 17 and April 21 at the Township
Offices, 601 Deerfield Road. The Annual
Town Meeting will be held April 21 prior
to the Board meeting.

REMEMBER: WIPERS ON, HEADLIGHTS ON!

It is an Illinois law that if the weather conditions warrant use of windshield wipers, you must also have your car's headlights on. It is also the safest choice. Err on the side of caution and keep your lights on whenever conditions are less than ideal; early or late in the day, in rain, snow, fog or any other time that drivers and pedestrians utilizing the sidewalks and carriage walks throughout the community may need a little help seeing your car. Pass this important message on to all drivers in your family. 🌀

PREVENT BECOMING A VICTIM OF BURGLARY!

Burglary is often a crime of opportunity; do not give a burglar an opportunity to make you a victim. Keep in mind the following:

CHECK YOUR LOCKS

In almost half of all completed residential burglaries, thieves simply breezed in through unlocked doors or crawled through unlocked windows. Make sure every external door has a sturdy, well-installed dead bolt lock.

Sliding glass doors can offer easy access if they are not properly secured. You can secure them by installing commercially available locks, putting a broomstick or dowel in the inside track to jam the door or purchase a commercially available bar placed in the middle of the door (about 4 feet up). To prevent the door being lifted off the track, drill a hole through the slide door frame and the fixed frame. Then insert a pin in the hole.

Lock double-hung windows with key locks or "pin" your windows by drilling a small hole into a 45 degree angle between the inner and outer frames, then insert a nail that can be removed. Secure basement windows with grilles or grates.

Instead of hiding keys around the outside of your home, give an extra key to a neighbor you trust.

When you move into a new house or apartment, re-key the locks.

CHECK YOUR DOORS

All outside doors should be metal or solid wood. Install a peephole or wide angle viewer in all entry doors so you can see who is outside without opening the door. Door chains break easily and do not keep out intruders.

CHECK THE OUTSIDE OF YOUR HOME

Look at your house from the outside. Keep the following tips in mind:

- Thieves hate bright lights. Install outside lights with motion sensor or light detector switches.
- Keep your yard clean. Prune back shrubbery so it does not hide doors or windows. Cut back tree limbs that a thief could use to climb to an upper-level window.
- If you travel, create the illusion that you are at home by getting some timers that will turn lights on and off in different areas of your house throughout the evening. Lights burning 24 hours a day signal an empty house.
- Leave shades, blinds, and curtains in their normal positions. And do not let your mail pile up! Call the post office to stop delivery or have a neighbor pick it up.
- Make a list of your valuables - TVs, stereos, computers, jewelry. Take photos of the items, list their serial numbers and description.

CONSIDER AN ALARM

Alarms can be a good investment. Check with several companies before you buy, so you can decide what level of security fits your needs. Do business with an established company, and check their references before signing a contract. Learn how to use your system properly! Get a cellular backup with your alarm system. This ensures the alarm signal reaches the monitoring service in the event that your telephone

lines are disrupted or cut.

Some less expensive options include a sound-detecting socket that plugs into a light fixture and makes the light flash when it detects certain noises, or motion sensing outdoor lights that turn on when someone approaches.

If something looks questionable— a slit screen, a broken window or an open door – do not go in. Call the police (911) from a cell, neighbor's house or a public phone. For further security tips or a home security inspection by detectives, feel free to contact the police department at 847/945.8636.

Although Deerfield remains an extremely safe community, residents are not immune from the criminal element. If something seems suspicious in your neighborhood call the police. 🌀

CONNECT-CTY

Connect-CTY is an emergency notification system that notifies you via phone, text, or email— whichever form of communication is most convenient to you. We will notify you of critical events such as boil orders, missing persons and road closures.

The easiest way to sign-up for this program is through a link on the new Village website www.deerfield.il.us which will prompt you to fill in the necessary information.

DIGITAL TV TRANSITION

Congress recently passed a law that changes the transition date of traditional analog broadcasting to all-digital broadcasting from Tuesday, February 17, 2009 to Friday, June 12, 2009. The law was enacted to provide citizens with more time to get prepared for the change.

While the date has been changed, Congress did not mandate stations to continue broadcasting in the analog method after February 17, meaning that many stations may complete the transition before June 12.

If you are still not prepared for the transition you can:

- Subscribe to a cable or satellite service;
- Purchase a digital television; or,
- Connect your current television set to a digital convertor box— each U.S. household is eligible to receive two \$40 coupons to go toward the purchase of two convertor boxes.

For more information visit www.dtv2009.gov, or call 888/388.2009. ☞

HOUSEHOLD ELECTRONICS COLLECTIONS

Do you have any household electronics like televisions or old computers that you would like to dispose of? If so, you can visit one of SWALCO's 2009 Electronics Collection events:

- Deerfield Public Works
465 Elm Street March 21, 2009,
9:00 a.m. - Noon
- City of Highland Park
(Firearms Training Center)
1180 Half Day Road
Year-Round Drop-off Program
Tuesday and Friday, 7:00 a.m. - 1:00 p.m.
(fluorescent light bulbs are also accepted at the Highland Park Electronic Collection)

For a listing of items accepted, please visit the SWALCO website at www.lakecountyil.gov/swalco/default.htm. If you have questions, please contact SWALCO at 847/336.9340. ☞

VEOLIA REFUSE & RECYCLING SERVICE

When picking up Deerfield residents' refuse and recycling, Veolia Environmental Services utilizes a 1-pass truck. These garbage trucks are specially designed to allow Veolia workers to collect both trash and recycling in the same vehicle.

The 1-pass trucks reduce the number of trucks on the streets— saving on manpower and fuel while also decreasing the amount of wear and tear on Village streets.

Since both refuse and recycling are collected on the same side of the vehicle, it may look as if all of the material is being dumped into the same place; however, using a divider, the driver is able to divert the waste and recycling into their proper compartments.

Should you have further questions or concerns, please contact the Finance Department at 847/945.5000. ♪

JOB SEEKERS WORKSHOP

The Deerfield Village Board of Trustees will sponsor the 6th annual Job Seekers Workshop on Saturday, April 25, beginning at 9:00 a.m. in the second floor Robert D. Franz Council Chambers in Deerfield Village Hall, 850 Waukegan Road.

The workshop is designed to provide those seeking employment the tools and resources necessary to succeed in today's competitive business environment. The program includes:

• 9:00 a.m. - Resume Preparation:

Ensures that your resume maximizes your attributes in a meaningful, organized and effective manner geared to gain employer interest. *Presented by Helena Krajcer*

• 10:00 a.m. - Job Interviewing Skills:

Learn how to find what's important to the interviewer. Then you can turn your personal features into must-have benefits that meet the employer's needs. *Presented by Oscar Adler. Oscar has written a book, published by McGraw Hill entitled "Sell Yourself in Any Interview."*

Please call 847/945.5000 to register as space is limited. ♪

ENERGY-EFFICIENT LIGHTING

Did you know that utilizing energy-efficient lighting can save you money and also improve your ability to read at night?

The long term benefits of these bulbs outweighs their initial cost and, many times, rebates may be available to provide further cost savings.

To get the maximum cost benefit from these bulbs, they should be used in fixtures that are left on for hours at a time— such as outdoor lanterns or security floodlights, hallways, landings, or your most lived-in rooms.

Benefits of energy-efficient lighting

practices include:

- Reduced emissions of nitrogen oxide, carbon dioxide, and sulfur dioxide into the environment for better air quality;
- Improved electricity system reliability;
- Reduced electrical and cooling loads

in buildings;

- Lower electricity costs (roughly 10-15%);
- Lower maintenance costs;
- More appropriate lighting levels;
- More aesthetically

pleasing light.

Help make your home and the Deerfield community a leader in improving our air and our quality of life. ♪

REMINDERS:

EARTH HOUR 2009

On Saturday, March 28 from 8:30-9:30 p.m., households, organizations and businesses across Illinois will turn off their lights and turn their attention towards the need for substantial, long-term action to raise awareness about energy efficiency and global climate change.

Last year, more than 2.7 million Illinois residents helped the lights in communities across the state go dark for one hour — Earth Hour. ↻

DAYLIGHT SAVINGS TIME

Remember to turn your clocks ahead one hour— from 2:00 a.m. to 3:00 a.m.— on Sunday, March 8. ↻

THE VILLAGE'S NEW WEBSITE

The Village's new website, www.deerfield.il.us, is here! Log on to the site for:

- Easier access to information, teamed with a more user-friendly design.
- Agendas and minutes for upcoming and past meetings of the Board of Trustees and other Commissions.
- Information regarding Village programs and services.
- All Village forms— from building permits to block party applications.
- The opportunity to pay water bills online with a credit card.
- A community-wide calendar, displaying a plethora of Village events. ↻

2009 RAIN BARREL SALE

The Lake County Stormwater Management Commission is offering rain barrels for \$79. Rain Barrels connect to your downspout and keep stormwater out of the sewer system. The water you collect can be used to water lawns and gardens. The pre-ordering deadline is May 1.

For ordering information you can contact the Lake County Soil and Water Conservation District at 847/223.1056 or the Lake County Forest Preserve District 847/968.3321. ↻
