Your Municipal News Source

Happy New Year

The Village of Deerfield wishes you a prosperous 2007!

Property Taxes and Upcoming Budget

Each local government serving the residents of Deerfield collects property taxes from residential and commercial property owners. At their December 4th meeting, the Mayor and Board of Trustees approved the 2006 Real Estate Tax Levy Ordinance that determines the property taxes that the Village will receive in the next year. The amount to be collected by the Village will be the same as was collected last year.

As a portion of individual property tax bills, the Village receives approximately 7% of the total. This figure represents approximately 10% of the total revenue collected by the Village annually. Other revenue sources include sales tax, user charges and permit fees.

Village staff has begun preparing the 2007-2008 annual budget. This intensive process examines major capital improvement projects, along with everyday operations, and forecasts revenues and expenditures for the upcoming year. The Village Board has maintained a conservative approach so as to keep the burden on the taxpayers in Deerfield as small as possible. We are also pleased to report the Village's 16th consecutive Distinguished Budget Presentation Award from the Government Finance Officers Association. This award highlights the commitment of the Village Board to present and approve a budget that promotes openness, encourages resident participation, and meets the highest standards of local government budgeting.

Additional budget information will be available in upcoming issues of D-Tales. ↪

Acts of Kindness Program

The Village of Deerfield's Acts of Kindness initiative has a new logo.

The winning logo was submitted anonymously. Over 200 entrants sent in wonderful and creative logos. 10 finalists were chosen by those who attended the November Acts of Kindness Open Meeting. The Community Relations Commission then selected the winner.

The Village of Deerfield will utilize the Acts of Kindness Logo on the 2007-2008 vehicle stickers. The logo will also be highly visible on a banner placed on the soon to be erected banner pole at the intersection of Deerfield and Waukegan Roads.

In addition to promoting kindness throughout the Village of Deerfield, awards are being given out by the Community Relations Commission to those who have demonstrated outstanding Acts of Kindness. On December 7, the first two awards were presented. Sam and Beth Sciarretta of

Search For New Village Manager to Begin

Bob Franz, who has served as Village Manager since 1979, recently announced his retirement, effective June 22, 2007.

In December, the Mayor and Village Board approved a contract with The PAR Group of Lake Bluff, Illinois to conduct the executive search for Mr. Franz's replacement. The PAR Group has facilitated a significant number of similar searches in the area and will conduct a national search for Deerfield's new Village Manager. The search is set to begin in January.

The Mayor has appointed a committee to review and interview candidates. The Village Board will ultimately approve the appointment of the new Village Manager at the conclusion of the interview process.

The Village of Deerfield operates under the council-manager form of government whereby the elected Village Board sets policy and the Village Manager carries out that policy and directs the day-to-day operations of the Village.

Acts of Kindness Cont'd

Continued from Page 1

Italian Kitchen were given a kindness award for their ongoing support of the Acts of Kindness Program. The Italian Kitchen has donated refreshments for the open monthly meetings since the inception of the program in July. The second award was presented to Kevin Quigley from Kevin's Place. He was given a kindness award for his support of community youth during the recent tragic loss of two teenagers in an automobile accident.

Dr. Lauren Gerber, the Acts of Kindness Coordinator, welcomes anyone interested in participating in this growing initiative to contact her at l.gerber@comcast.net. There are numerous sub-committees in place that are eager for additional participants. The Ambassadors of Kindness at Deerfield High School and Junior Ambassadors of Kindness at the junior high schools welcome anyone interested in joining their efforts. The next meeting will be held on February 1 at 7:00 p.m. at Village Hall, 850 Waukegan Road. ~

The new logo for the Random Acts of Kindness Program (left) recently approved by the Community Relations Commission will be placed on the 2007-2008 Deerfield vehicle stickers. Over 200 applicants submitted designs. The winning design was submitted anonymously.

Carbon Monoxide Detectors Required January 1, 2007

The State of Illinois Public Act 094-0741 requires a carbon monoxide detector be installed within 15 feet of all sleeping rooms of all residential units. This act became effective January 1, 2007.

The Act applies to any residential unit with a sleeping room. A detector has to be installed within 15 feet of each sleeping room. This may require multiple detectors for your home or apartment.

This applies to single-family homes, duplexes, townhouses, apartments, hotels and motels.

There are various types of detectors that can be used:

- Battery powered
- Plug in with battery back up
- Direct wired in the building electric system with battery back up.

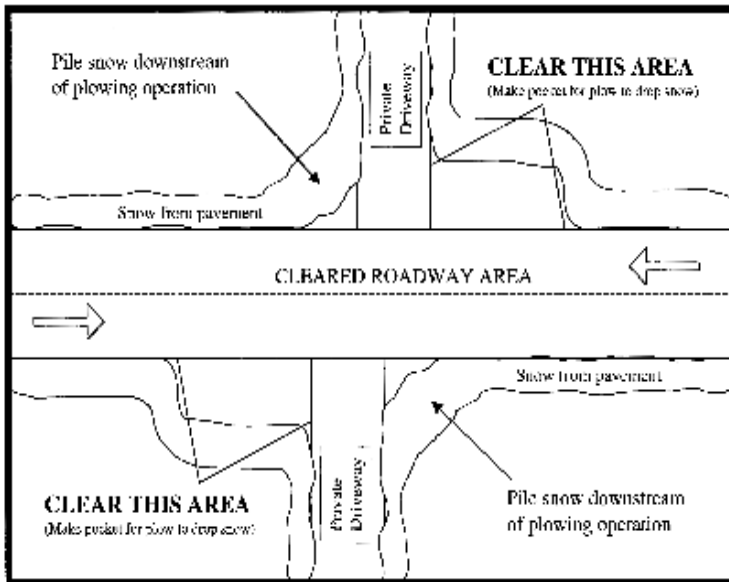

There are certain combination smoke/carbon monoxide detectors that may be used to

comply with this new regulation. If you plan to utilize this type, consult the product literature or manufacturer for compatibility with your existing detectors. Combination detectors typically have a different alarm tone for smoke detection and carbon monoxide detection.

Homeowners who plan to hardwire the detector may be required to acquire a building permit. Consult the Community Development Department at 847/945-5000 for all permitting requirements.

This act requires the detector to be in place by January 1, 2007. There are penalties in the act for noncompliance. A copy of the act is available online at www.ilga.gov.

For more information, please call the Community Development Department at 847/945-5000 or email deermail@deerfield-il.org. ~

Snow Plowing Operations

Snow removal operations began earlier than usual this season due to a significant snowfall December 1. The Village's Public Works Department was prepared to deal with the situation and succeeded in clearing Deerfield's more than 70 miles of roadways quickly and effectively.

To assist neighbors and Village staff this winter, it is important to remember the following:

- One way to assure that street plows do not fill a cleared driveway entrance with snow is to follow this simple guideline: Shovel the snow to the side, in the direction of traffic, and clear a pocket of snow on the opposite side of your driveway. (see the illustration above) The accumulated snow in the plow will dump into the pocket and not on your driveway. This simple procedure will reduce the possibility of residual snow being plowed from the street into your driveway.
- By Village ordinance, vehicles cannot be parked on the street for 24 hours after 3 inches of snow have fallen. Keeping your vehicles off the street assists our plows and salt trucks in clearing the streets as quickly as possible.
- By Village ordinance, you may not deposit snow from your property onto the street or sidewalk. This can hinder safe passage of vehicles and pedestrians, and makes it harder for Village plow crews to keep streets clear.
- Adopt a fire hydrant! Remember, when you shovel your sidewalk and driveway, don't forget to clear snow away from fire hydrants in front of your property to ensure that they are accessible if needed.

The illustration above highlights the best ways to shovel snow to keep your driveway as clear as possible during plowing operations.

Properly Installed Mailboxes Prevent Damage

During the winter months, mailboxes are sometimes damaged when snow storms affect Deerfield. If your mailbox has been damaged this winter, or if you are planning to install a new one, please be aware of how to properly install a mailbox that meets Village standards.

The majority of mailbox knockdowns result because the post supporting the mailbox has deteriorated - it has either rusted or rotted - or because the mailbox was installed too close to the roadway.

A mailbox must extend no less than 12 inches away from the back of the curb or the roadway edge. The mailbox post must be mounted at least

18 inches away from the back of the curb or roadway edge. The post should be strong, but should be able to break away if struck by a vehicle that leaves the pavement.

If you decide to install a new mailbox, contact JULIE at 800/892-0123 before you dig. Various utility companies will come out and mark the location of any buried utilities so that you will know where they are located.

If you have questions regarding your mailbox, please contact the Public Works Department at 847/317-7245.

2007 Construction

The 2007 construction season is set to begin this spring, including a complete reconstruction of Crabtree Lane and street resurfacing and watermain work in the Clavinia subdivision. Look for more information in future D-Tales!

Winter Storm Terms

Storm Watch: Severe weather such as heavy snow or ice is possible.

Storm Warning: Severe winter conditions have begun or will begin very soon.

Blizzard Warning: Heavy snow and strong winds will produce near zero visibility, deep drifts and dangerous wind chill.

Freezing Rain: Rain that freezes, creating a coating of ice on roads and walkways.

Sleet: Rain that turns to ice

pellets before reaching the ground. Sleet also causes roads to freeze and become slippery.

Flurries: Light snow falling for short durations. No accumulation is typically expected.

Snow Showers: Snow falling at varying intensities for brief periods of time.

Blowing Snow: Wind-driven snow that reduces visibility and causes significant drifting.

Blizzard: Winds over 35 mph with snow and blowing snow that reduces visibility to near zero.

boardREPORT

The following is a synopsis of actions taken by the Village Board since the last publication of D-Tales. For complete sets of minutes for Village Board meetings, please visit the Village's website at www.deerfield-il.org.

Village Board Action

- Approved an Ordinance authorizing a 4-way stop sign at Willow and Gordon.
- Approved an Ordinance approving an amendment to the signage plan for Corporate 500 Centre.
- Approved an Ordinance granting a variation for 1114 Davis Avenue.
- Authorized a Contract with PAR Group, LLC to conduct an executive search for the recruitment of a new Village Manager.
- Approved a Resolution declaring a surplus of tax increment financing funds and amending the Fiscal Year 2006-07 Annual Budget.
- Approved an Ordinance decreasing the number of Class E liquor licenses from 14 to 13 (Lotus Brasserie).
- Authorized a Contract for on-call snow removal services.
- Approved Ordinances authorizing the construction of Congregation B'nai Jehoshua Beth Elohim at 1101-1201 Lake Cook Road in the Deerfield Business Center.
- Approved an Ordinance abating all of the 2006 tax levy requirements for the Series 2003 General Obligation Refunding Bonds.
- Approved an Ordinance abating all of the 2006 tax levy requirements for the Series 1998 General Obligation Bonds.

Proclamations, Appointments and Recognitions

- Proclaimed November 5 – 11, 2006 as Marine Week in Deerfield.
- Proclaimed November 28, 2006 as American Association of University Women Day.
- Appointed the following residents to various Boards and Commissions:

West Deerfield Township

Township Board meetings will be held January 16 and February 20 at the Township Offices, 601 Deerfield Road. Call 847/945-0614 or visit www.westdeerfieldtownship.org for more information.

Underage Drinking

A recent survey conducted by the National Institute on Drug Abuse provided shocking information regarding the age at which many children begin to drink. According to the survey, some children as young as 13 drink to the point of getting drunk. This is alarming for many reasons, but mostly because this early behavior can be dangerous or deadly. More children and teens are killed by alcohol related causes than by all other illegal drugs combined. Yet, despite the growing trend of underage drinking and the possible serious consequences, parents sometimes underestimate the extent to which their teen is using alcohol. What parents may not realize is that children who have not experimented with alcohol say parental disapproval of underage drinking is the key reason why they have chosen not to drink.

The following are important facts about alcohol and how it affects the body:

- Alcohol passes through the lining of the stomach into the bloodstream. It irritates the stomach lining, which can make a person feel nauseous.
- Alcohol moves through the bloodstream to every organ in the body, including the brain.
- Alcohol enters the brain and changes the way a person behaves. Alcohol can make a person do things they might otherwise refrain from doing.
- Alcohol impairs the ability to make good decisions.

- Alcohol can have lasting effects on the brain. It can impair how a person learns, thinks, and remembers.
- Alcohol can kill. When a person drinks too much alcohol in a very short time, alcohol poisoning can occur. Breathing becomes difficult. A person can vomit, pass out, or even die.
- Alcohol can hurt your child even if he or she is not the one drinking. If your child is around people who are drinking, he or she is at risk of being injured, affected by violence, and exposed to out of control behavior and the poor decisions made by the drinker.

Family influence is an important part of a child's development. A parent's words or actions impact them in many ways every day. Family influence includes getting involved in a child's life. Parents' involvement in positive activities in their children's lives can help them pursue positive goals. In addition, parents will be better able to witness changes in their child that may indicate a problem.

Another aspect of family influence is the example that parents set for their children. It is important to think about what you say and how you act in front of your child. Your child learns social skills by watching you. Any illegal, unhealthy, or dangerous activities that a parent may partake in send the message to a child that these practices are acceptable.

Parents also need to establish clear, open and honest communication with their children. Ask your children about their ideas, their opinions, and what they like to do with their friends. This communication can also help to build up a child's self esteem and lets them know their parents care about what they think and about what is happening in their lives. This makes it more likely they will confide in a parent when difficult problems arise.

Make sensible rules for your child and enforce them consistently. Rules can help protect children from physical harm, but they can also teach them self-discipline, which can lower the risk for substance and alcohol abuse. Developing these rules together with your child can increase his or her desire to follow the rules. ~

Citizens Police Academy

The Deerfield Police Department is sponsoring a Citizens Police Academy. Classes meet on Wednesday evenings, from 7:00 p.m. until 9:00 p.m. beginning January 24, 2007 through March 28, 2007. Classes are limited to 12 participants who must be at least 18 years old, a Deerfield resident and have no felony convictions.

Most classes will be held at the Deerfield Police Department, 850 Waukegan Road, but some classes may also be held at an alternate location, depending on the subject matter. Topics covered in the classes include fundamentals of investigations, narcotics, canine units, and a citizen ride-along.

To apply to participate in the Citizens Police Academy, download an application from the Police Department's website at www.deerfield-il.org/police/cpa.htm and return the completed application to the Police Department. You may also pick up an application at the Police Department. Questions may be directed to Sgt. Mel Soltwisch at 847/945-8636 from 7:00 a.m. - 3:00 p.m.

The Deerfield Police Department is committed to the philosophy of Community Policing. The Citizen Police Academy provides a forum to improve lines of communication between the police and the community. Graduates become partners with the Police Department in identifying problems and solutions to quality of life issues that face the Deerfield community and take their knowledge back to their neighborhoods, where they can inform neighbors about the Police Department. ~

Prepare. Plan. Stay informed!

Has your family developed a disaster preparedness plan? If not, please visit www.deerfield-il.org/police/home/html for more information from the Department of Homeland Security.

Clean Air Counts

Did you know that utilizing energy-efficient lighting can save you more than \$8,000 over 30 years and also improve your ability to read at night?

Simply replacing three standard bulbs with energy-efficient bulbs can save the average homeowner about \$78 a year. The long term benefits of these bulbs outweighs their initial cost and, many times, rebates may be available to provide further cost savings.

To get the maximum cost benefit from these bulbs, they should be used in fixtures that are left on for hours at a time – such as outdoor lanterns or security floodlights, hallways, landings, or your most lived-in rooms. A compact fluorescent light bulb can last 10 times longer than a regular bulb and use about 75 percent less energy.

Other benefits of energy-efficient lighting practices include:

- Reduced emissions of nitrogen oxide, carbon dioxide, and sulfur dioxide into the environment for better air quality;
- Improved electricity system reliability;
- Reduced electrical and cooling loads in buildings;
- Lower electricity costs (roughly 10-15%);
- Lower maintenance costs;
- More appropriate lighting levels;
- More aesthetically pleasing light.

Find out how you can make Clean Air Count by visiting www.deerfield-il.org. Help make your home and the Deerfield community a leader in improving our air and our quality of life.

Deerfield Park Foundation Engraved Bricks Program

The Deerfield Park Foundation is selling engraved bricks to be placed in the new entryway at Deerspring Pool. Proceeds from these bricks will be used toward the construction of a new playground in Deerspring Park, to be installed during the summer of 2007. The Park Foundation uses proceeds to offer scholarships to Deerfield Park District residents in financial need, as well as toward park beautification. In the past, contributions have been used for such things as the Veterans Memorial statue at Jewett Park.

These engraved bricks are available for purchase as a way to honor family, friends, or even to honor a graduation or birthday. Corporations can show their support for the community by purchasing a brick with their company name engraved.

The Deerfield Park Foundation is 501(c)3 not-for-profit nongovernmental entity. All contributions are tax deductible to the extent allowed by IRS laws. To make a contribution to the Deerfield Park Foundation, call 847/572-2611, or email info@dfpd.org. Multiple bricks may be ordered and placed next to each other for longer messages. Brick orders typically take six to eight weeks, and installation is dependent upon weather conditions.

Comcast Internet and Cable

The Village of Deerfield is served by Comcast for cable and broadband internet service. If you have questions regarding service, please contact Comcast directly at 800/288-2085. Should you have questions regarding your bill, you may call 866/594-1234.

If you need additional assistance, please contact the Village Manager's Office at 847/945-5000.

Village Hall Schedule

Village Hall will be closed in observance of the following holidays:

New Years Day
Monday, January 1

Presidents' Day
Monday, February 19

Holiday Refuse Collection Schedule

The New Year's Day holiday refuse collection schedule is as follows:

- Monday pick up will be on Tuesday, January 2.
- Tuesday pick up will be on Wednesday, January 3.
- Thursday pick up will be on Friday, January 5.
- Friday pick up will be on Saturday, January 6.

Christmas Tree Collection

Veolia Environmental Services, the Village's solid waste contractor, will collect Christmas trees and other organic holiday decorations for recycling on January 2 and 8 (for those with Monday collections) and January 3 and 9 (for those with Tuesday collections). Trees and other organic greenery will be picked up at the curb **only** if all plastic bags, metal (including tinsel) and other decorations are removed.

SWALCO Collections

Need to dispose of old electronics after the holidays? SWALCO is hosting the following Household Electronics Collections:

Round Lake Public Works
751 W. Townline Road
January 9, 8 a.m. - 5 p.m.

Gurnee Public Works
1151 Kilbourne Road
January 25, 7:30 a.m. - 2:30 p.m.

Call 847/377-2550 for more information.

Residents Honored

At this year's Thanksgiving Interfaith Service, Lynda and Tuck Woodson, Trudy Bettiker, Lynn Elliott and Jerry Zachar were honored with the 2006 Human Relations Award, presented by the Community Relations Commission for their contributions to their community. We extend our sincere congratulations to these residents, who have dedicated so much of their time to be of service to others.

Senior Programs @ PTSC

For more information on any of the programs listed below, or to receive the Patty Turner Senior Center newsletter, please call 847/940-4010.

January 9: Blood Pressure/Blood Sugar Testing

January 10: *Three Musketeers* at the Shakespeare Theater

January 11: Birding in Panama

January 16: *Doubt*

January 25: Living Options

February 1: Rules of the Road

February 1: Winter Chili Lunch

February 4: Super Bowl Party

February 7: *Twelve Angry Men*

February 8 and 9: AARP Driver Safety Program

February 13: Blood Pressure/Blood Sugar Testing

February 13: Second Tuesday Lecture Series, *The Merchant of Venice - A Jewish Perspective*, at Highland Park Country Club
