ASSAULT WEAPONS BAN TAKING EFFECT JUNE 13

On Monday, April 2, the Deerfield Village Board unanimously approved an ordinance that bans the possession, sale and manufacture of assault weapons and large capacity magazines in the Village. The ordinance is based on the City of Highland Park's ordinance, approved in 2013. Following a legal challenge, the Highland Park ordinance was upheld by the Federal Courts.

On February 20, just days after the Parkland, Florida mass shooting, Mayor Rosenthal directed staff and the Village attorney to prepare a report concerning the implementation of a ban on assault weapons similar to that of Highland Park.

"Over four years ago, the state gave home rule communities a window of time to pass some type of assault weapon law with the understanding it could be revisited at a later date," Rosenthal said. "I believe the time has now come to revisit a complete ban of assault weapons."

The Village Board approved Ordinance O-13-24 on July 1, 2013, providing definitions of assault weapons and large capacity magazines, and requiring the safe storage and safe transportation of assault weapons in the Village. In the opinion of the Village Attorney, the adoption of ordinance O-13-24 on July 1, 2013, met the time window requirement included in the State of Illinois' Firearm Concealed Carry Act. As a result, the Village preserved the right to amend the ordinance in the future.

"We hope that our local decision helps spur state and national leaders to take steps to make our communities safer," Rosenthal said.

The ordinance goes into effect June 13, 2018, and does not otherwise regulate or prohibit

DEERFIELD AREA HISTORICAL SOCIETY CELEBRATES 50TH ANNIVERSARY

The Deerfield Area Historical Society will be celebrating its 50th anniversary this year, beginning with a Jubilee Celebration on Sunday, May 20, from 11 a.m.-3 p.m. at the Deerfield Historic Village.

This event will feature tours of the Historic Village, antique appraisals, historic games and activities and food service.

All funds raised will go toward repairs and improvements to the historic structures, including the oldest building in Lake County, the Caspar Ott log house built in 1837.

As a non-profit organization, all of the Society's services, including the maintenance of the Historic Village, are made possible by membership dues and donations.

This community event is made possible through a partnership between the Deerfield Area Historical Society, the Village of Deerfield, District 109 Schools, the Deerfield Public Library, the Deerfield Park District and the West Deerfield Township.

Save the date for May 20! Come learn about local history while helping to preserve it for generations to come.

rifles, shot guns, pistols or ammunition.

The Village has been sued concerning the ordinance banning assault weapons and large capacity magazines. The Village is confident it has acted within its statutory authority. The Village is considering a proposal for pro bono legal assistance from the Brady Center to Prevent Gun Violence.

STREET REHABILITATION PROJECT 2018

Bids for the Village of Deerfield 2018 Street Rehabilitation Project were accepted in March and the project was awarded by the Village Board in April.

Work is currently underway and is anticipated to be complete by Thanksgiving. The contract includes the reconstruction/rehabilitation of thirteen streets within the Village.

The following roads are associated with this year's project: Bentley Ct.; Bristol Dr.; Byron Ct. north of Longfellow Ave.; Central Ave. from Castlewood Ln. to Wilmot Rd.; Crabtree Ln. north of Greenwood Ave.; Elmwood Ave. west of Stratford Rd.; Estate Dr. west of Pflugsten Rd.; Kenmore Ave. from Gordon Ter. to Country Ln.; Meadow Ln. west of Stratford Rd.; Osterman Ave. west of Jonquil Ter.; Oxford Rd. from Deerfield Rd. to Warwick Rd.; Riverside Dr.; Somerset Ave. from Forest Ave. to Oakley Ave; and Windsor Ct.

Updates on the project will be shared at www.deerfield.il.us/Blog.aspx?CID=4 in blog form. You can sign up to receive email and/or text message updates on the project at www.deerfield.il.us under "Notify Me."

VILLAGE APPROVES BAN OF COAL TAR PAVEMENT SEALANTS

On April 2, the Deerfield Village Board approved an ordinance that bans the use and sale of coal tar pavement sealants and regulates the licensing of pavement sealant professionals. The ordinance took effect on May 1, 2018.

Pavement sealant professionals are required to fill out a license application with the Village and must display a decal on their vehicles. This license must be renewed annually in the amount of \$100.

Homeowners who sealcoat their own driveways do not need a license but are prohibited from using coal-tar-based sealants. Home Depot and other retailers do not sell coal tar sealants.

Asphalt based sealants are a readily available alternative to coal tar based sealants and numerous studies by the United States Geological Survey, among other governmental entities, have shown that asphalt based sealants have significantly lower concentrations of Polycyclic Aromatic Hydrocarbons (PAHs) and lower potential for contributing harmful organic material into the environment.

Similar ordinances banning the use of coal tar exist in several neighboring communities including Highland Park, Wilmette, Winnetka, Vernon Hills, South Barrington and Evanston.

For more information or to fill out a Pavement Sealant Professional License application, visit www.deerfield.il.us/708/Coal-Tar-Sealant-Ban or contact the Community Development Department at 847.719.7484. ~

VILLAGE'S DIRECTOR OF PUBLIC WORKS AND ENGINEERING TO RETIRE

Barbara K. Little has announced she is retiring as the Village of Deerfield's Director

of Public Works and Engineering effective June 1, 2018. Ms. Little has served as the Department Director since June of 2000 and previously served as the Assistant Village Engineer for Deerfield beginning in May of 1989.

Accomplishments during her tenure include a complete overhaul of the Village's Wastewater Reclamation Facility to include LEED certification; improvements to Waukegan Road intersections from Lake Cook Road north to Deerfield High School; improvements to Deerfield Road from Highland Park to Saunders Road; attainment of millions of dollars in Federal grants for roadways and bridges; upgraded storm water management systems, including regional basins; a new water system connection with Highland Park and expanded and upgraded water pumping and storage facilities.

"Barbara has been a vital part of advancing what the Village does, from public improvements to engineering oversight of private development to supervising our Public Works and Engineering operations," noted Mayor Harriet Rosenthal. "Her work and public service have been outstanding and we will miss her," added Rosenthal.

Ms. Little stated that "retirement from the Village of Deerfield is bittersweet since I will be leaving my Village family and associates behind. I am grateful for all the support I received from the organization in the furtherance of the goals of the Public Works and Engineering Department. It is rewarding to reflect upon my accomplishments and know that my contributions have benefited the community. From the construction of new storm water reservoirs to the Lake Cook Road railroad underpass; the many years of street rehabilitation projects; the beautiful downtown streetscape - all of these accomplishments will continue to benefit the Village for many years to come. I am honored to have been able to contribute to the community's success and could not have done it without the support of my team, the Village Board and the residents. The future is bright for the Village of Deerfield." ~

'COP ON TOP' EVENT AT DUNKIN' DONUTS MAY 18

On Friday, May 18, Deerfield Police officers will spend the day on the roof of our local Dunkin' Donuts, 499 Lake Cook Road, not on surveillance, but rather raising awareness and funds for Special Olympics Illinois.

Officers will participate from 5 a.m. to 1 p.m. at the annual "Cop on Top of Dunkin' Donuts" event in the hopes of raising \$6,000 - last year over \$5,000 was raised. Dunkin' Donuts of Illinois will make a corporate contribution of \$10,000 to Special Olympics Illinois for our efforts.

As part of our commitment to this cause, the Police Department is also selling raffle tickets for \$10 each. Prizes include a new Harley Davidson, an ATV or one of five big screen HDTVs, as well as Special Olympics merchandise.

For more information, please contact Communications Director Mary Anne Glowacz at 847.945.8636 or mglowacz@deerfield.il.us

CRIME PREVENTION TIPS FOR THE SUMMER

Tips for Homeowners :

- Keep doors in your home and cars closed and locked, including garage doors. An open door is an invitation.
- Be a good neighbor and alert police to any unusual activity in your neighborhood. Plan for vacation by having your mail and newspapers stopped or having a neighbor pick them up. Leave inside lights on timers to create the impression that your house is occupied. Be sure to set your alarm system. Have a lawn service or neighbor mow your lawn.
- Avoid home improvement scams and deception burglaries by taking a proactive approach. Be particularly alert to anyone in your neighborhood looking to perform home repair and asking to gain entry into your home. Ask to see identification and let them know you

are going to call and get verification from their company before allowing them inside. If they are legitimate, they won't mind the wait.

Tips for Drivers:

- Do not leave valuables or cash in your car. If you must leave items in the car, lock them in the trunk.
- Be alert for children playing in neighborhoods and residential areas.
- Drive safely and slowly around parks and playgrounds. More children are out playing during the summer.

Tips for Parents:

- Provide a list of phone numbers of neighbors, family and friends that your child can call in an emergency. Make sure your child knows how to dial 9-1-1 and when it is appropriate to do so.
- Know the route your child will take to and from a given location. Remind your child never to take a shortcut or deviate from the agreed-upon route.
- Establish rules for using the Internet. Children should have adult supervision when online. Make sure your child knows to never give out personal information on the Internet.
- Require your child to check in with a parent before leaving the house and when returning home. Teach your child that there is safety in numbers and that it is best to be with a group of friends when going places without an adult.

GIVE WHERE YOU LIVE-DEERFIELD

As part of the Give Where You Live - Deerfield year-round giving campaign, spearheaded by Deerfield Mayor Harriet Rosenthal, the Village is appealing to the generosity of our community to help fill the shelves of the West Deerfield Township Food Pantry with non-perishable food items, toiletries and household items.

Donations can be dropped off at either the Village Hall lobby or the Deerfield Police

Department. Donations are typically slow over summer, when the need is still great. Thank you in advance! 🍀

POLICE PARTICIPATE IN TORCH RUN

Starting June 10, the Deerfield Police Department, along with law enforcement throughout Illinois, will carry the Flame of Hope nearly 1,500 miles, running through hundreds of communities via 23 different legs.

The Flame of Hope will ultimately be delivered to Bloomington-Normal for the Opening Ceremony of the Special Olympics Illinois Summer Games June 15.

To contribute or for more information, contact Communications Director Mary Anne Glowacz at 847.945.8636 or mglowacz@deerfield.il.us

CURFEW APPLIES YEAR-ROUND, INCLUDING HOLIDAYS

The curfew law is applicable to those 17 and under. It is in effect Sunday through Thursday from 11 p.m. to 6 a.m., and Friday and Saturday from midnight to 6 a.m.

Drivers under the age of 18 may not operate a motor vehicle between 10 p.m. and 6 a.m., Sunday through Thursday, and between 11 p.m. and 6 a.m., Friday and Saturday. During allowed driving times, the number of passengers is limited to one person under the age of 20, unless the additional passenger is a sibling, step-sibling, child or step-child of the driver.

Exemptions in the law allow new drivers to drive to and from employment or school-sanctioned activities outside the restricted times. Underage drivers convicted of violating the driving curfew may have their driver's license suspended.

For more information, contact Communications Director Mary Anne Glowacz at 847.945.8636 or mglowacz@deerfield.il.us

LAWN SPRINKLING AND IRRIGATION REGULATIONS

From May 15 through September 15 lawn sprinkling regulations are in place.

Even numbered addresses may water on even numbered dates from midnight to noon and/or from 6 p.m. to midnight. Odd numbered addresses may water on odd numbered dates from midnight to noon and/or from 6 p.m. to midnight. This applies only to lawn sprinkling.

As a reminder, all irrigation systems are required to have a backflow prevention device called a Reduced Pressure Zone Backflow Preventer (RPZ). This must be certified annually by a licensed Cross Connection Device Inspector. This testing and certification must be completed every year prior to the system going into service.

The Village has contracted with Backflow Solutions, Inc., (BSI) to administer the backflow prevention tracking program. The annual backflow assembly test report must be submitted electronically by your tester via the BSI Online system at www.BsiOnlineTracking.com.

Residents who have an irrigation system that they do not use can contact Public Works to join a lockout device program and be exempted from the annual RPZ testing requirement. At the owner's request, Village staff will install a specially keyed 'lockout' device that prevents the irrigation system from being turned on. This ensures that inadvertent contamination of the water supply cannot occur, satisfying the IEPA's regulation, and allows residents to avoid paying for the annual inspection of a system they do not use.

To sign up for this program, residents are required to sign an agreement form along with an installation fee of \$45. There is also an annual inspection fee of \$25 beginning in the second year and continuing until the device is removed. This is a low-cost alternative when compared to the price of annual RPZ testing.

For more information contact Public Works at 847.317.7245 or at pw@deerfield.il.us

DEERFIELD FLOOD INFORMATION

Special Flood Hazard Areas (100-year floodplain) in the Village of Deerfield are located near the Middle Fork and West Fork of the North Branch of the Chicago River. The eastern portion of Deerfield is in the Middle Fork watershed, while the western part of town is in the West Fork watershed. For a detailed map visit the Village of Deerfield website www.deerfield.il.us under maps and information.

Information on whether your property is in the 100-year floodplain can be obtained by visiting the Engineering Department and having a staff member help you. Contact the Engineering Department at 847.317.2490 for further assistance.

FLOOD SAFETY

The following common-sense guidelines can help protect you from the dangers of flooding:

- Do not drive through a flooded area. More people drown in cars than anywhere else. Do not drive around barriers.
- Do not walk through flowing water. Currents can be deceptive. Six inches of water can knock you off your feet.

FLOOD RECOMMENDATIONS

- Stay away from power lines and electrical wires. If your house is about to be flooded, turn off the power at the service box. Electrical current can travel through water. Electrocutation is the second leading cause of death during floods.
- Be alert for gas leaks. Turn off the gas to your house before it floods. If you smell gas, report it to a Village official or your gas company. Do not use candles, lanterns or open flames if you smell gas or are unsure if your gas has been shut off.
- Keep children away from the flood waters, ditches, culverts and storm

drains. Flood waters can carry items that have dislodged themselves.

- Clean everything that has been wet. Flood water will be contaminated with sewage and other chemicals that pose severe health threats.
- Look out for animals, especially snakes. Small animals flooded out of their homes may seek shelter in yours.
- Do not use gas engines, such as generators, or charcoal fires indoors during power outages. Carbon monoxide exhaust can pose serious health hazards.

WATER TOWER PAINTING

In early April, the Public Works Department began the Kates Road Water Tower painting project. As part of the project, both the interior and exterior of the tank will be painted. The exterior of the tank was last painted in 1995. However, this will be the first time that the interior of the tank has been painted since it was installed in 1960. To contain debris during the sand blasting of the tank, a containment curtain will be raised around the tank using outriggers installed on the top of the tower. Weather depending, the actual painting of the tower should begin in May and will be completed by the end of November.

Residents may also notice a 190-foot monopole installed directly west of the tank. The pole is being used to temporarily house cellular and police communication equipment that was installed on the tower. The monopole will be removed, and cellular equipment reinstalled on the tower, once the project is complete.

For more information, contact the Public Works Department at 847.317.7245.

The following is a synopsis of actions taken by the Village Board since the last issue of D-Tales. For complete sets of minutes for Village Board meetings or to watch meetings on demand, please visit the Village's website at www.deerfield.il.us.

VILLAGE OFFERING REBATE FOR SUMP PUMP DISCONNECTION PROGRAM

The Residential Sump Pump Disconnection Program has been implemented to reduce costly and unnecessary sanitary sewer overflows and backups.

For a limited time only, the Village is offering a 20% rebate to homeowners that eliminate illegal sump pump connections. If you have an illegal sump pump connection, please consider taking advantage of this limited-time offering while it lasts.

Participation in the program is important for the following reasons:

1. Eliminating illegal sump pump

connections can reduce sanitary sewer backups and basement flooding. In total, illegal connections put millions of gallons of storm water into the sanitary sewer system, overburdening the system and causing backups for our residents.

2. Illegal sump pump connections costs taxpayers' money. When sump pumps are connected incorrectly, the Village is forced to unnecessarily treat clean storm water at its Water Reclamation Facility. This is an unnecessary expense borne by all taxpayers.
3. Having this type of connection in your home is illegal. If you are unsure about whether or not you have this connection, contact your preferred plumber or the Community Development Department at 847.719.7484.

In order to receive a rebate, you must submit to the Village a Certificate of Compliance completed by a licensed plumber and a paid invoice. Documents can be found at www.deerfield.il.us under "Services."

For more information, contact the Community Development Department via email at communitydevelopment@deerfield.il.us or by phone at 847.719.7484.

WHEN DO YOU NEED A PERMIT?

Planning a home improvement project? In most situations, a permit will be required. Projects that include structural, mechanical, electrical, plumbing or grading modifications to your home or property will most likely require a permit.

When planning a home improvement project, it is important to factor the permit process into your project schedule. Permits are required to ensure that home and property modifications are constructed in compliance with all building, zoning and municipal codes adopted by the Village. The enforcement of these codes allows the Village to ensure the integrity and safety of permitted projects, as well as to maintain

the character of the community. The permitting process is in the best interest of the property owner, as it enables the Village to engage in plan review, building and engineering inspections, contractor licensing and property record maintenance.

For any inquiries about permit requirements, please contact the Building Department at 847.719.7484.

LANDSCAPE WASTE PICKUP

Landscape and yard waste pickup started the first week of April and runs through December 15.

Residents north of Deerfield Road will have yard waste collected on Tuesdays; those south of Deerfield Road will have collection on Wednesdays.

Yard waste must be placed in a 30-gallon paper bag and placed at the curb with a sticker affixed for collection. A sticker is also required for each bundle of sticks or other yard waste not exceeding 4 feet in length, 30 inches in circumference and 50 pounds in weight.

The price of landscape waste stickers this year is \$2.82. View a list of locations selling stickers at www.deerfield.il.us.

For more information, contact the Finance Department at 847.945.5000.

TEENCONNECT

Deerfield's TeenConnect program aims to connect teens who are able to do outside yard work, including lawn mowing, with Deerfield residents who need the service.

The TeenConnect list will provide contact information for Deerfield teens including the name and phone number of the teen, days of availability, type of work they are willing to do and their expected rate of pay.

For more information or to sign up, visit www.deerfield.il.us or call the Village Manager's Office at 847.719.7400.
