## HAPPY NEW YEAR!

THE VILLAGE OF DEERFIELD WISHES YOU A PROSPEROUS 2020

### MESSAGE FROM THE MAYOR: HARRIET ROSENTHAL

Each year the Village Board holds lengthy budget deliberations and reviews a comprehensive portfolio of infrastructure needs to ensure that projects are prioritized based on factors such as critical need and anticipated economic benefit. The Village Board members are taxpayers too, and we strive to keep the property tax increases to a minimum.

Sales tax continues to be the single largest revenue source for the Village. You will continually hear me encouraging our community to "shop local." Purchasing your goods and services locally is a direct investment in the community and helps us keep property taxes as low as possible. We have seen millions of dollars of private investment in the community this year, as you can see in our economic development update. These investments minimize our reliance on property taxes and ensure the vibrancy of our commercial tax base, ultimately easing the tax burden on our residents. All of these dollars ensure that we can make the necessary improvements to our infrastructure, provide our residents with critical services such as police protection, potable water and snow plowing and help us meet the high demand for service we provide our residents every day.

The City of Highland Park is raising the wholesale price it charges Deerfield to purchase water by 15 percent next year. Highland Park residents and customers will also see a 15 percent increase. Due to this, the Village's water rate will increase by 9 percent in 2020, from \$5.00 to \$5.45 per 100 cubic feet.

This budget includes a number of significant capital improvements totaling over \$8.7 million. This includes nearly \$3 million for street and sidewalk rehabilitation throughout the Village, more than \$1 million for resurfacing Deerfield Road from Wilmot Road to the Metra underpass and more than \$1 million in water and sewer improvements. These projects are long-term investments in our infrastructure that will last for decades.

Important studies into our water and storm sewers will be conducted next year. As heavier rain totals have led to increased flooding and drainage issues throughout the Village, a comprehensive storm water master plan will be developed to help guide future decision making in this area. A study of the water system will look for ways to improve water pressure and maintain high water quality standards while also creating an emergency connection to Northbrook's water system. Our Water Reclamation Facility will undergo a process investigation study to look at ways to improve efficiency and minimize odors.

This year, the Village's 9-1-1 Dispatch Center started providing service to the Village of Lincolnshire. This arrangement resolves a state-mandated consolidation of our Dispatch Center while providing a benefit to both communities. The Village of Deerfield is now providing 24-hour dispatch services for the Villages of Bannockburn, Riverwoods and Lincolnshire, lowering expenses and ensuring high-quality service for each community.

## Mayor's Message continued

We continue to appreciate the pro bono services of both the Brady Center to Prevent Gun Violence and Mr. Christopher Wilson, partner of the Chicago office of Perkins Coie, to assist in the representation of the Village in the appeal of the Circuit Court ruling preventing implementation of the Village's Assault Weapons Ordinance. The pro bono legal services cover the majority of the cost of this litigation. We continue to believe that our common-sense assault weapon regulations are legal and were properly enacted.

Next year will bring the 2020 Census and it is imperative that all residents get counted. The Village receives our share of State income tax receipts and the motor fuel tax based on our population. Each resident that is not counted will result in fewer of our tax dollars coming back to Deerfield for 10 years. I have formed a Complete Count Committee with a number of community partners to engage residents to achieve a full count.

Thank you for making Deerfield your home. Thank you to our professional staff for preparing the 2020 budget and treating the Village's money as if it were their own. A final thank you to my colleagues on the Village Board for their many hours of volunteer service to the Village. I wish everyone a happy, healthy and prosperous new year.

## ECONOMIC DEVELOPMENT UPDATE

The Village of Deerfield is fortunate to have a diverse economic tax base comprised of a residential, commercial and industrial profile. The Village promotes a diverse and progressive economic development approach to make Deerfield one of the best communities of its size to live, work and play. Village elected officials and staff actively pursue opportunities to attract

high-quality retailers, restaurants and services along with world-class corporate office users in order to create a more vibrant Village and diversify the property tax base. We've experienced a lot of economic development activity over the last year, including several store openings. Here are some of the largest redevelopments that occurred in 2019.

### LAKE COOK ROAD CORRIDOR

**Deerbrook Mall** – The momentum of two new furniture stores opening in 2018 carried right into this year with the middle section of the mall being demolished to provide vehicular and pedestrian access to a 10.79 acre rental community that has been approved for the rear of the mall. This transit-oriented residential development will offer pedestrian connectivity to the Lake Cook Road Metra station and support the surrounding retail and office uses in the area. The community will consist of five buildings housing 186 rental units, with an attached four-story parking garage, and 60 rental townhome units in nine buildings. Amenities will include two acres of greenspace, including a dog park, pool with sun deck and multiple courtyards and garden spaces. Notably, this development will also designate 18 rental apartments as affordable housing units that will require income based qualifications. Demolition and utility disconnection work is underway. Construction of the apartment building and the townhomes will begin this year and continue through the first quarter of 2022.

Panera Bread will be relocating to a new outlot building at 385 Lake Cook Road in Deerbrook Mall. Construction is underway and the restaurant is expected to open later this year. Protein Bar & Kitchen, locating at 110 S. Waukegan Road, will be serving a full selection of high-protein salads, wraps and bowls customizable for all diets. Across the street at 99 S. Waukegan Road is a Chick-Fil-A restaurant, which opened their doors for business this past fall.

**Cadwell's Corners** – Located at the northeast corner of Lake Cook and Waukegan Roads, Cadwell's Corners is seeking approval to make exterior façade

improvements to help attract new tenants and offer a more modern look to its customers. Planet Fitness, 35 Waukegan Road, will occupy 21,637 square feet of the former Fresh Thyme grocery store. They will have over 100 pieces of cardiovascular equipment including treadmills, rowers, bikes, steppers and cross trainers offered under a month-to-month subscription format. Dollar Tree will occupy the remaining 10,000 square feet of space that used to be Fresh Thyme. Both business are expected to open in early 2020. In 2017, the Village Board removed the restaurant prohibition for the portion of the shopping center south of Pet Supply Plus. Currently, the Village is reviewing a Special Use application for Brunch Café to occupy the 12,000 square foot restaurant space located at 7 Waukegan Road.

**Deerfield Park Plaza** – The Goddard School and childcare center received approval to occupy the former Ristorante Abruzzo and Jimmy Thai space. The 10,325 square foot school is located at 475 Lake Cook Road and includes an additional 5,000 square feet of fenced outdoor playground space. The school has capacity for 140 students between the ages of 6 months to 6 years old and opened for business this past fall. Liquid Fusion, 461 Lake Cook Road, is another new business that recently opened in the shopping center.

**Weinberg Community Campus** – In late 2017, the Jewish Federation of Metropolitan Chicago Facilities Corporation and Banner Development LCC, were approved to develop CJE-Deerfield Senior Residences, an independent living facility consisting of six stories and 240 units located on the 5.2 acre property at 1627 Lake Cook Road. The JFMC Facilities Corporation also owns the Weinberg Community for Senior Living Campus, which is adjacent to the new development and consists of the Gidwitz Place (assisted living) and Friends Center (memory care). Construction at this site began last year and occupancy is expected to take place throughout this year. The CJE-Deerfield Senior Residences will be the latest addition to the Weinberg

Community campus and will become part of the continuity-of-care provided by CJE Senior Life.

**Waukegan Road Animal Hospital** – A new two-story 11,433 square foot animal hospital is being constructed at 150 N. Waukegan Road. In addition to veterinary services, the Deerfield Animal Care Center will also provide boarding, dog day care and pet grooming services. This use will replace a 3,649 square foot animal hospital that was previously operating out of this location.

## VILLAGE CENTER DISTRICT

**The Shops at Deerfield Square** – This retail center was originally redeveloped in the summer of 2000 and includes ten separate buildings, encompassing 200,000 square feet of retail space and 60,000 square feet of office space. In late 2016, the Village Board approved the redevelopment of the 711 Deerfield Road building (formerly Biaggi’s). The approved plans for the redevelopment of this outlot building required the building to be razed and replaced with a new multi-tenant building. Both Café Zupas and Bartaco opened for business this past year. A third yet to-be-determined tenant will occupy the middle unit of the building.

## CLASS A OFFICE SPACE

**Parkway North** – The Parkway North Center is an 86 acre office park at the southeast corner of Deerfield Road and Saunders Road. The site is currently developed with six office buildings, a Marriott Suites Hotel and a childcare facility and health club. The site known as 8 Parkway North is a 10 acre tract of land intended to be a built-to-suit building once a tenant has been identified. Depending on the space requirements of the tenant, the building at 5 Parkway North may be razed and combined with 8 Parkway North. The property is actively being marketed and a tenant is yet to be announced.

## Takeda Pharmaceutical

**Company** – Following the acquisition of Shire Technology Company on January 8, 2019, Takeda announced their intent to relocate the Deerfield operation to

Massachusetts, which is where Shire is headquartered. The Village has been in regular communication with Takeda and several prospective buyers for the campus. This is one of the premier corporate office campuses in Lake County and currently has three office buildings, a remote delivery facility and a day care totaling over 560,000 square feet of gross leasable area. The annexation agreement allows for a total of 1.2 million square feet of gross leasable area to be developed on the property. The Village anticipates a property transfer to occur in early 2020.

## RESIDENTIAL PUD

**Zion Woods** – Zion Lutheran Church, Brinshore Development and Housing Opportunity Development Corporation received approval of a Preliminary Development Plan for a 25 unit workforce housing development on 8.8 acres at 10 Deerfield Road in 2018. The unit mix will consist of 13 one-bedroom units, seven two-bedroom units and five three-bedroom units. The units sizes will range from 620 square feet to 1,120 square feet. The project will be designed to achieve the Enterprise Green Communities Certification, which includes using sustainable features such as Energy Star appliances, low flow water fixtures, high efficiency lighting, native landscaping, environmentally preferable flooring and be a smoke-free building. While all occupants must meet workforce housing requirements, half of the units will be available for people with a disability who can live independently. The developers are working to secure financing for the property and the Village expects that the applicant will submit a Final Development Plan to the Village prior to February 2021.

**Elm Street Townhomes** – The properties at 658, 662 and 702 Elm Street consist of a combined 38,853 square feet or 0.89 acres. The developer received approval to raze the structures on the three properties and redevelop the property with seven townhomes. Construction on this project is nearing completion and occupancy is expected to occur in mid-2020. This project will provide additional housing proximate to the downtown train station.

# PUBLICWORKS

## SNOW PLOWING OPERATIONS

The Village's Public Works Department is prepared for snow and is able to effectively clear Deerfield's 70 center-line miles of roadway quickly to make safe travel possible for all who use our streets. To assist your neighbors and Village staff this winter, please remember the following:

- Keeping vehicles off the street assists plows and salt trucks in clearing the streets more effectively.
- Vehicles cannot be parked on the street for 24 hours after two inches of snow have fallen, per Village ordinance.

- By Village ordinance, you may not deposit snow from your property onto the street or sidewalk. This can hinder safe passage of vehicles and pedestrians and make it harder for Village plow crews to keep streets clear. **If using a snow removal service, please instruct contractors to abide by Village regulations.**
- Adopt a fire hydrant! Remember, when you shovel your sidewalk and driveway, do not forget to clear snow from fire hydrants in front of your property to ensure that they are accessible if needed.
- Remember to shovel an extra area on your driveway apron or parkway for your refuse and recycling bins to be picked up by Waste Management.

## WINTER TREE TRIMMING

The Village's Public Works Department is responsible for trimming parkway trees for traffic clearance, to preserve the tree's health

and appearance and to prevent possible damage to human life and property. The Village has established a 4-year cycle for the parkway tree trimming program. Deerfield is divided into quadrants with Deerfield Road as the north/south divider and Waukegan Road the east/west divider. One of these quadrants is maintained each year.

This winter, parkway trees in the southwest quadrant are being trimmed. Due to the size of this quadrant, trimming will be completed over two years instead of one. Trimming work is scheduled for the dormant season to avoid unnecessary damage or trauma to the tree.

Trimming is done in accordance with professional standards and may include cutting lower limbs for clearance and thinning of the crown.

*For questions or concerns, contact the Public Works Department at 847.317.7245. ☞*

# POLICE DEPARTMENT

## NEW CHILD PASSENGER SEAT LAWS IN EFFECT 2020

In many areas of Illinois and throughout the country, child car safety seats are being installed incorrectly, which causes unnecessary deaths every year.

Like many other states, Illinois has made changes in laws regarding Illinois car seats for 2020 to make kids even safer. This includes the recommendation of keeping babies in a rear-facing position until the age of two, which is longer than it was in the past. In January of 2020, these and other laws went into effect. ☞

## RECREATIONAL CANNABIS LAW IN EFFECT 2020

As of January 1, 2020, it is now legal in the State of Illinois for adults ages 21 and older to purchase, possess and consume

cannabis for recreational purposes.

According to the Cannabis Regulation and Tax Act, the following rules and regulations apply:

- Cannabis will only be legally sold at licensed dispensaries. As with alcohol, it will be illegal to sell to minors under 21.
- Possession of cannabis by persons under 21 remains a Class A misdemeanor and can be grounds for revoking a minor's driver's license.
- It will still be illegal to consume cannabis in any public place, including parks, sidewalks, restaurants, bars and any other place where smoking is prohibited under the Smoke Free Illinois Act.
- Adults will be allowed to consume cannabis in their own residences, although landlords will be able to ban the smoking of cannabis in rental properties.

- It is still illegal to drive under the influence of cannabis.
- Cannabis may only be transported in a car if it is in a sealed package that is inaccessible to the driver. Violation of this law is a Class A misdemeanor. ☞

## 2020 POLICE & FIRE BLOOD DRIVE SCHEDULE

In our continued efforts to meet our mission and the ever-increasing demand for blood donations, we have developed an annual schedule for blood drives. All drives will take place in the Robert Franz Room at Deerfield Village Hall (850 Waukegan Road) from noon to 6 p.m.

2020 dates are February 14, May 8, August 7 and November 6.

## GIVE WHERE YOU LIVE - MARTIN LUTHER KING JR. DAY

The Village of Deerfield invites everyone to participate in a "Day of Service" in honor of Martin Luther King Jr. Join us at Village Hall (850 Waukegan Road) on Monday, January 20, from noon to 2 p.m. for service projects appropriate for all ages including collecting and sorting items, assembling care packages, writing letters and cards of encouragement and other activities.

Starting now through January 20, the Village is collecting non-perishable food and toiletries, socks, travel-sized hygiene products, gift cards, lip balm and warm clothing.

Collection boxes can be found in the Police Department (open 24/7) and Village Hall lobbies.

*For more information, contact Mary Anne Glowacz at [mglowacz@deerfield.il.us](mailto:mglowacz@deerfield.il.us) or 847.794.7501. ☞*

## KEEP DEERFIELD CLEAN

Be considerate to neighbors by not leaving garbage and recycling carts or large refuse items at the curb or on sidewalks at unsanctioned times.

On noncollection days, all containers for refuse must be stored in the garage or out of plain sight from the street. Carts placed on sidewalks present a public safety issue for pedestrians.

On collection days, containers shall be securely closed and placed at the curbside no earlier than sundown the day before your scheduled collection. Containers must be moved out of sight by the evening of your collection day.

*For questions and concerns, contact the Community Development Department at 847.719.7484. ☞*

## ADOPT-A-HYDRANT

The Village of Deerfield is launching a new program to ensure that firefighters can access fire hydrants during an emergency. In the winter months, heavy snowfall makes finding and accessing fire hydrants difficult, and every second counts during an emergency. We are asking residents, business owners and community groups to consider participating in the new Adopt-A-Hydrant Program. Participants get to name their hydrant to show their commitment to public safety.

Participation involves the following:

- Ensuring the adopted fire hydrant is clearly visible from the street.
- Keeping the fire hydrant free of snow and ice. Snowfall and associated plowing activities can often hide hydrants under large amounts of snow, making them difficult to locate quickly in the event of an emergency.
- Keeping clearances of at least three feet all around the hydrant. Please use caution when shoveling.
- Keeping the hydrant free of grass, weeds and debris.

*For more information, visit [www.deerfield.il.us](http://www.deerfield.il.us) or contact Management Analyst David Fitzgerald-Sullivan at [dfitzgerald@deerfield.il.us](mailto:dfitzgerald@deerfield.il.us) or 847.719.7400. ☞*

## WINTER CAR MAINTENANCE

Winter weather is unpredictable, so make sure your vehicle is ready to be on the road:

- Clear all snow and ice from the top of your car and your windshield, rear windshield, lights, mirrors, windows and doors.
- Make sure your license plate is visible. If it is in poor condition, you may qualify for a free replacement. Visit [cyberdriveillinois.com](http://cyberdriveillinois.com).
- Replenish your emergency kit and check antifreeze, brakes, tires, windshield wipers and defrosters. ☞

# THANK YOU!

Our sincere thanks to these residents who volunteered their time on the Village's various Boards, Commissions and Committees in 2019.

### 2020 CENSUS – IT TAKES A VILLAGE!

Some Deerfield residents may be asking themselves, “Why participate in the 2020 Census?” A decennial Census is required by the U.S. Constitution and is conducted for an accurate and fair count of all persons living in the United States. The Census directly affects how billions of dollars in federal and state funding are allocated to state and local governments. Simply put, the more people counted, the more money allocated. Every person not counted means a loss of revenue for the next 10 years.

Invitations to take the census questionnaire will arrive at most homes in mid-March. The earliest you can respond to the questionnaire is March 12, 2020, and responses are due back to the Census Bureau no later than April 1, 2020, Census Day. By law, responses are kept confidential to protect your privacy. Each household will need to complete only one questionnaire and will have the option of responding online, by mail or by phone. Spending just a few minutes to fill out your Census form will ensure the Village of Deerfield gets its fair share of federal and state funding. The Village of Deerfield and the U.S. Census Bureau are relying on you, our residents, to answer the 2020 Census questionnaire because “it takes a Village.”
