Village Manager's Office

### **Walgreen Co. Headquarters**

In response to today's news reports that Walgreen Co. is looking to relocate their headquarters, Village of Deerfield Mayor Harriet Rosenthal has released the following statement:

“The Village is in regular dialogue with Walgreen Management and we are strongly committed to supporting Walgreen's continued presence in Deerfield. The Village recognizes and appreciates Walgreen's on-going multi-million dollar investment in their Deerfield campus, including the recent addition of Walgreen University. This would support that the headquarters employment base will remain here for the foreseeable future. The Village has received confirmation from Walgreen that they are not engaged with developers on any new locations for their corporate headquarters.”

Harriet Rosenthal  
Mayor
