For Immediate Release

## **Deerfield Road Reconstruction Project Update – August 12, 2016**

On Monday, August 15, the contractor will close Kipling Place at Deerfield Road to allow the contractor full access to the intersection to complete paving operations before school starts on August 22. Deerfield Road will remain open in both directions at Kipling Place during this time. Access to Poets Corner and Kipling School will still be available using Longfellow Ave.

Also on Monday, the entrance to Village Centre, just south of Rosemary Terrace, will be one-way “Enter Only” to allow for paving. As paving work continues, this driveway may be closed in both directions to allow the concrete to cure.

Later next week, Carlisle Avenue will also be one-way “Exit Only” as paving proceeds. Access to the Colony Point and King’s Cove Subdivisions will be maintained using Carriage Way.

Two-way access to Brierhill Road and Briarwood Country Club will be maintained. Left turn restrictions will be lifted during this time period. (See the map below for more details.)

West of Waukegan Road, the contractor has nearly completed removing the old pavement. A grinder on site is being used to recycle the old road surface into the sub-base of the new road. This cost-effective measure reduces both truck traffic and vehicle emissions. Next week, the bases for the new traffic signals will be installed in this area. This work will take place in the sidewalk and will require some sidewalk closures. Once the bases are complete, temporary sidewalks will be placed until the brick sidewalks can be restored.

To avoid future detours on Deerfield Road, the contractor is also performing needed repairs on the bridge over the west fork of the north branch of the Chicago River, just east of Deerpath Drive. This work will continue next week. Once the bridge work is complete, Deerfield Road will be re-opened between Wilmot Road and Chestnut Street. A new, shorter detour will then be established using Chestnut Street until Deerfield Road reopens between Waukegan Road and Chestnut Street.

Due to the heavy road removal operations expected this Saturday near Park Avenue, the Deerfield Farmers Market has been moved to the Lindeman Lot, just east of the AT&T building. The Farmers Market will return to its regular location on August 20.

The Village realizes the inconvenience to residents that a large-scale improvement project of this size can cause. We thank residents for their patience and for driving safely in the construction zone. Please remember that all businesses and the Farmers Market are open during construction.
