Family Days Parade Gets New Route in 2016 Due to Deerfield Road Reconstruction Project

The July 4th Family Days Parade will start at Deerfield High School this year and go south down Waukegan Road, turn west onto Hazel and then end on Park Avenue at Jewett Park.

The change was prompted by the Deerfield Road Reconstruction Project, which will be underway through the year.

The Family Days Commission worked with representatives from the Police Department and Public Works Department to find a safe alternative to the traditional parade route down Deerfield Road. The new route will be approximately one tenth of a mile longer.
